Mr. Bryan Green, HARC Chairman
1300 White St
Key West, Florida 33040

Dear Mr. Green,

The Key West Chamber of Commerce along with the residents, businesses and government of Key West agree that there is insufficient parking downtown, near Duval Street.

We support both public and private efforts to create much-needed parking in our commercial core. Increasing parking options near Duval Street makes our business center accessible to visitors and residents alike and helps alleviate parking pressure on nearby residential areas.

We encourage you to support increasing parking options to ensure a viable community for both residents and visitors. We sincerely appreciate your attention to this matter and trust you will take into consideration the parking difficulties we are currently facing in our island community.

Sincerely,

Virginia A. Panico
