STAFF REPORT

DATE: October 31, 2018

RE: **3228 Flagler Avenue (permit application #T2018-0088)**

FROM: Karen DeMaria, City of Key West Urban Forestry Manager

An application was received for Final Landscape Plan Approval with Tree Removal. A staff report was created on June 29, 2018 regarding the removal of trees in relation to the development of housing. The report is attached.

The Tree Commission gave Conceptual Approval for the landscape plan on July 9, 2018. The Planning Board approved the project on October 18, 2018.

The Final Landscape Plan submitted does incorporate all the required tree removal replacements and is over 70% native vegetation. There is one minor change from the Conceptual Landscape Plan approval to this request. The Fire Department requested that the proposed Wild Coffee shrubs along the southwest property line and parking area be moved. These plants have been moved to the southeast property line area along Riviera Drive.

Recommendation: Recommend approval of the Final Landscape Plan With Tree Removal at 3228 Flagler Avenue to include the removal of (1) Gumbo Limbo tree to be replaced with 3.3 caliper inches of native dicot and/or fruit trees from the approved list, FL#1 as per the landscape plan to be planted onsite.

To Whom It May Concern:

The City of Key West Tree Commission recently considered your permit application for Landscape Plan Approval with tree removal for 3228 Flagler Avenue, Key West, Florida, at their regularly scheduled meeting on July 9, 2018.

The Tree Commission approved the Landscape Plan to allow the project to proceed through the permitting process with the Planning Board. Once you have received approval from the Planning Board, application should be made again to the Urban Forestry for Final Landscape Plan approval with Tree Removal.

If you have any questions, please call the office at (305) 809-3768.

Sincerely,
