I am reviewing the application to remove the 2-Gumbo limbo trees along the side of your property. The application form Ken King states that there is root damage occurring, mostly to the house next door. Do you or your neighbor have any documentation that shows that? I did see some brick pavers that were shifted but that can be fixed. Are there any other issues to the actual structure, utilities, etc? A written statement and photos would be great for the file so that the Tree Commissioners can review it.

Any additional information to the file must be submitted to my office by February 8 in order to get it uploaded in a timely manner to the Commissioners.

Sincerely,

Karen
