Trunk 2

Trunk 2

Diameter: 45.5" (2 main trunks connected at base)

Location: 40% (large tree close to two houses and very close to property line)

Species: 100% (on protected tree list)

Condition: 40% (poor, storm damage in canopy, old permitted cuts that have not healed, decay at base, termites)

Total Average Value = 60%

Value x Diameter = 27.3 replacement caliper inches

Property owner has submitted information showing shifting of floor in structure due to the tree. He is also requesting a reduction in the replacement requirement and possible credit for trees planted on the property.
