

**Integrated Fire and Solutions, Inc**  
**Additional Information/Clarification Request**  
**February 28, 2019**

The City is currently reviewing your bid for responsiveness and is requesting that you provided additional information and clarification about your bid. This additional information is due by Tuesday March 5, 2019, 12:00 PM.

1. Please provide a complete description of the system proposed and proof that it meets the basic parameters of the system required.
2. Please provide proof of that you meet the following REQUIRED QUALIFICATIONS
  - The prospective Bidder must meet the statutorily prescribed requirements before award of Contract by the CITY. Bidders must hold or obtain all licenses and/or certificates as required by the State and Local Statutes in order to bid and provide the product specified herein.
  - Bidder must have experience with outdoor municipal long-range wireless deployments of over 2 miles and have deployed mesh network systems in a public safety environment. This should include Point to Point, Point to Multi Point, and Mesh networks.
  - Bidder must have experience in the installation of PTZ cameras, fixed cameras, radio antennas and weatherproof equipment boxes on City or County traffic poles and Electric Company power poles. Installation is defined as the mounting of PTZ cameras, fixed cameras, radio antennas and weatherproof equipment boxes on City or County traffic poles and Electric Company power poles and connecting them to a power source and providing live and recorded video to a remote location via radio wireless system, with backup by cellular, and uplink by fiber-optic cable.
  - Bidder must be certified by the manufacturer to resell, install and configure the specified equipment.
3. Provide a current Project List including the items for each Project:
  - Project Name
  - Project Contract Value
  - Project Completion Date
  - Quantity of Technicians assigned to Project
4. Provide the warranty details provided by the proposed solutions.
5. Provide warranty details provided by the Contractor.
6. Provide a resume of the proposed Project Manager outlining their projects installed utilizing the proposed system manufacturer.
7. Provide a list of any proposed subcontractors.
8. Provide the subcontractor scope of work (if any).
9. Claims and Suites:

- List all lawsuits or requested arbitration with regard to construction contracts over the past five (5) years.
- List all judgments, claims, arbitration proceedings, or suites pending against your organization.
- State whether your organization has ever failed to complete any work.

10. Please review the original ITB document submittal requirements and submit any additional information that you feel will help the City in reviewing and understanding your bid.
