Re: Extension to Seamar contract.

Mr. David Hawthorne,

We at Seamar appreciate the opportunity to continue to serve the City of Key West mooring fields and any other need that you may have in the future.

Our request of an increase of 15% is to cover for the increased operational cost due to insurance requirements, unfortunately the State of Florida has one of the highest rates of the nation and that along with the increase cost of living just make very hard for us to operate. We really would like to work with you if our request of increasing the 15% of the value of the contract can be granted.

Best regards,
