Re: Application for Conditional Use – 1327 Duval Street, Key West, FL 33040

Mr. Wright:

Please allow this letter and supporting documentation to serve as the Santiago Family Partnership LTD., a Florida limited partnership's ("Applicant") application for Conditional Use at 1327 Duval Street, Key West, Florida 33040 (the "Property"). The Applicant proposes to construct an accessory structure which will house ADA compliant bathrooms and a bar that will be accessory to a hotel, motel or other transient facility pursuant to section 122-898 of the Land Development Regulations.

Conditional Use and Development Plan:

Existing Conditions:

- A. **Survey:** Please find a copy of the survey for the subject Property included in this application.
- B. **Existing size, type and location of trees, hedges and other features:** Please see the enclosed site plans.
- C. **Existing stormwater retention areas and drainage flows:** Please see the enclosed site plans.
- D. **A sketch showing adjacent land uses, buildings and driveways:** Please see the enclosed documents.

Proposed Development:

- A. **Site Plan:** Please find a copy of the site plans for the subject Property included in this application.

- B. **Building Elevations:** Please find a copy of the site plans for the subject Property including the applicable elevations and floor plans.
- C. **Drainage Plan:** The proposed use and construction will not increase the impervious surface ratio.
- D. **Landscape Plan:** Not applicable.

Solutions Statement: The Applicant seeks to create a bar accessory to a hotel, motel or other transient rental facility as provided in section 122-898 of the Land Development Regulations. The granting of the conditional use will be in accordance with Florida Statutes section 561.20(2)(a). The bar will be located in the new accessory structure that was approved by HARC on January 29, 2019, COA# 2019-0001. This new structure will provide ADA compliant bathrooms in addition to the portion that will house the bar. The proposed use similar and complimentary to other uses in the immediate area.

Conditional Use Criteria Section 122-62:

A. Findings:

The Planning Board may find that the application meets the Code purpose of ensuring that “a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity.”

B. Characteristics of use described

1. **Scale and intensity of the proposed conditional use as measured by the following:**
 - a. **Floor area ratio:** The site plans reflect a new interior square footage of approximately 289 square feet. The allowable building coverage on this property is 50%. The existing building coverage is 25.95% and the proposed building coverage is 28.24%.
 - b. **Traffic generation:** As an accessory use to the principal use, it is unlikely that the proposed use will generate an additional vehicle traffic. The majority of patrons will be hotel guests and tourists and/or locals who are passing by on foot.
 - c. **Square feet of enclosed building for each specific use:** The square footage of the new accessory structure is approximately 289 square feet.
 - d. **Proposed employment:** Not applicable.
 - e. **Proposed number and type of service vehicles:** Applicant is not proposing any service vehicles.
 - f. **Off-street parking needs:** The property has fifteen (15) off-street parking spaces, one of which is a handicap space.
2. **On or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:**
 - a. **Utilities:** The property has adequate utilities to support the proposed use.
 - b. **Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in chapter 94:** Not applicable.

- c. **Roadway or signalization improvements, or other similar improvements:** Not applicable.
 - d. **Accessory structures or facilities:** The proposed use will include an accessory structure that has been approved by HARC.
 - e. **Other unique facilities/structures proposed as part of site improvement:** ADA bathrooms will be installed as part of this construction.
3. **On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:**
- a. **Open space:** Applicant is providing ample open space for the proposed use.
 - b. **Setbacks from adjacent properties:** The structure will meet all setback requirements.
 - c. **Screening and buffers:** Not applicable.
 - d. **Landscaped berms proposed to mitigate against adverse impacts to adjacent sites:** No changes to the current landscaping configuration are proposed.
 - e. **Mitigative techniques for abating smoke, odor, noise, and other noxious impacts:** Smoke, odor, noise and other noxious impacts will not be triggered by this application. The Applicant will comply with garbage service to comport with the anticipated level of patronage at the site.

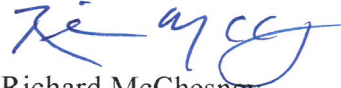

C. Criteria for conditional use review and approval

- 1. **Land use compatibility:** The conditional use accessory bar is compatible with the surrounding area in that the neighborhood contains multiple hotels, motels, and other transient living facilities with similar accessory uses. The neighborhood is also made up of commercial and residential uses and is heavily tourist-oriented. The surrounding area contains public parking; however, the Applicant is able to provide fifteen off-street parking spaces.
- 2. **Sufficient site size, adequate site specifications, and infrastructure to accommodate the proposed use:** The size and shape of the site are more than adequate to accommodate the proposed scale and intensity of the conditional use requested. As an accessory use, the Applicant feels that all infrastructure currently exists to support the proposed use.
- 3. **Proper use of mitigative techniques:** Applicant is providing the requisite off-street parking for the proposed use. Applicant will comply with all garbage and waste requirements to support the proposed use.
- 4. **Hazardous Waste:** No materials that contain hazardous waste will be used in connection with the proposed use.
- 5. **Compliance with applicable laws and ordinances:** The Applicant will comply with all applicable laws and regulations as a condition of approval.
- 6. **Additional criteria applicable to specific land uses**

- a. **Land uses within a conservation area:** Not applicable. This site is not located within a conservation area.
- b. **Residential development:** Not applicable. This application does not contemplate residential development.
- c. **Commercial or mixed use development:** The proposed accessory structure has been approved by HARC confirming its' compliance with section 102 of the Land Development Regulations.
- d. **Development within or adjacent to historic district:** This conditional use application is within the historic district. The Property owner has received HARC approval for the accessory structure
- e. **Public facilities or institutional development:** Not applicable. Public facilities or institutional development is not being proposed as part of this application.
- f. **Commercial structures, uses and related activities within tidal waters:** Not applicable. The subject property is not located within tidal waters.
- g. **Adult entertainment establishments:** Not applicable.

If you should have any questions, comments, or concerns, please do not hesitate to contact me.

Sincerely,

Richard McChesney

Development Plan Submission Materials

Sec. 108-226. Scope.

A development plan, for the purposes of this division, shall include but not necessarily be limited to the requirements in this division. With the exception of sections 108-227 through 108-229, the city planner may waive or modify requirements, information and specific performance criteria for development plan review after rendering a finding in writing that such requirements:

- (1) Are not necessary prior to development plan approval in order to protect the public interest or adjacent properties;
- (2) Bear no relationship to the proposed project or its impacts; and
- (3) Are found to be impractical based on the characteristics of the use, including the proposed scale, density/intensity, and anticipated impacts on the environment, public facilities and adjacent land uses.

Sec. 108-227. Title block.

The development plan shall contain the following pertaining to the title block:

- (1) Name of development.
- (2) Name of owner/developer.
- (3) Scale.
- (4) North arrow.
- (5) Preparation and revision date.
- (6) Location/street address of development.

Sec. 108-228. Identification of key persons.

The development plan shall contain the following pertaining to identification of key persons:

- (1) Owner.
- (2) Owner's authorized agent.
- (3) Engineer and architect.
- (4) Surveyor.
- (5) Landscape architect and/or environmental consultant.
- (6) Others involved in the application.
- (7) A verified statement showing each and every individual person having a legal and/or equitable ownership interest in the subject property, except publicly held corporations whose stock is traded on a nationally recognized stock exchange, in which case the names and addresses of the corporation and principal executive officers together with any majority stockholders will be sufficient.

Sec. 108-229. Project description.

Project description should be included on the site plan sheet. The development plan shall contain the following pertaining to the project description:

- (1) Zoning (include any special districts).
- (2) Project site size (acreage and/or square footage).
- (3) Legal description.
- (4) Building size.
- (5) Floor area ratio, permitted and proposed.
- (6) Lot coverage, permitted and proposed.
- (7) Impervious surface.
- (8) Pervious surface.
- (9) Landscape areas.

- (10) Parking spaces, permitted and proposed.
- (11) Delineation of location of existing and proposed structures.
- (12) Existing and proposed development type denoted by land use including density/intensity.
- (13) Setbacks.

Sec. 108-230. Other project information.

A general outline of the proposed development shall include the following criteria where applicable:

- (1) Proposed stages or phases of development or operation and facility utilization.
- (2) Target dates for each phase.
- (3) Expected date of completion.
- (4) Proposed development plan for the site.
- (5) A written description of characteristics of the proposed development (i.e., number and type of residential units; floor area by land use; number of tourist accommodations units; seating or parking capacities; number of hospital beds; any proposed outside facilities or areas to be used for storage, display, outside sales, waste disposal or similar use; and any other proposed uses).
- (6) For planned unit developments, indicate design techniques (i.e., clustering, zero lot line, or other techniques) used to reduce public facility costs, reduce disturbance of natural resources, and preserve scenic quality of the site.
- (7) Buildings and sitting specifications which shall be utilized to reduce damage potential and to comply with federal flood insurance regulations.
- (8) Protection against encroachment together with proposed mitigation measures to be employed within environmentally sensitive areas.

Sec. 108-231. Residential developments.

- (a) If the development includes residential units, the following characteristics shall be discussed in the written description:
 - (1) A breakdown of the proposed residential units by number of bedrooms;
 - (2) Tenure (i.e., owner-occupied or rental); and
 - (3) Structure type, such as single-family, duplex, multiple-family, mobile home.
- (b) Refer to division 10 of article V of chapter 122 for information and legal instruments needed to satisfy the city's affordable housing requirements.

Sec. 108-232. Intergovernmental coordination.

The development plan shall contain the following pertaining to intergovernmental coordination:

- (1) Provide proof of coordination with applicable local, regional, state and federal agencies, including but not limited to the following agencies that will be involved in the project:
 - a. South Florida Regional Planning Council (SFRPC).
 - b. City electric system (CES).
 - c. State department of environmental protection (DEP).
 - d. Army Corps of Engineers (ACOE).
 - e. South Florida Water Management District (SFWMD).
 - f. State department of transportation (DOT).
 - g. State department of community affairs (DCA).
 - h. Florida Keys Aqueduct Authority (FKAA).
 - i. State fish and wildlife conservation commission (F&GC).
 - j. The county.
- (2) Provide evidence that any necessary permit, lease or other permission from applicable local, regional, state and federal agencies has been obtained for any activity that will impact wetland communities or submerged land.
- (3) When intergovernmental coordination efforts are incomplete, the applicant shall provide evidence of good faith efforts towards resolving intergovernmental coordination issues.

CONDITIONAL USE CRITERIA

Sec. 122-61. Purpose and intent.

The purpose of this article is to ensure that a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity. This article sets forth provisions and criteria for consideration of conditional uses on specific sites. Conditional uses shall be permitted only upon a finding that the proposed use satisfies this article.

Sec. 122-62. Specific criteria for approval.

- (a) Findings. A conditional use shall be permitted upon a finding by the planning board that the proposed use, application and, if applicable, development plan comply with the criteria specified in this section, including specific conditions established by the planning board and or the city commission during review of the respective application in order to ensure compliance with the comprehensive plan and land development regulations. If the proposed conditional use is a major development pursuant to sections 108-165 and 108-166, the city commission shall render the final determination pursuant to section 122-63. A conditional use shall be denied if the city determines that the proposed use does not meet the criteria provided in this section and, further, that the proposed conditional use is adverse to the public's interest. An application for a conditional use shall describe how the specific land use characteristics proposed meet the criteria described in subsection (c) of this section and shall include a description of any measures proposed to mitigate against possible adverse impacts of the proposed conditional use on properties in the immediate vicinity.
- (b) Characteristics of use described. The following characteristics of a proposed conditional use shall be clearly described as part of the conditional use application:
 - (1) Scale and intensity of the proposed conditional use as measured by the following:
 - a. Floor area ratio;
 - b. Traffic generation;
 - c. Square feet of enclosed building for each specific use;
 - d. Proposed employment;
 - e. Proposed number and type of service vehicles; and
 - f. Off-street parking needs.
 - (2) On- or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:
 - a. Utilities;
 - b. Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in chapter 94;
 - c. Roadway or signalization improvements, or other similar improvements;
 - d. Accessory structures or facilities; and
 - e. Other unique facilities/structures proposed as part of site improvements.
 - (3) On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:
 - a. Open space;
 - b. Setbacks from adjacent properties;
 - c. Screening and buffers;
 - d. Landscaped berms proposed to mitigate against adverse impacts to adjacent sites; and
 - e. Mitigative techniques for abating smoke, odor, noise, and other noxious impacts.

DEVELOPMENT PLAN AND CONDITIONAL USE APPLICATION
City of Key West Planning Department
1300 White Street, Key West, FL 33040
(305) 809-3720

(c) Criteria for conditional use review and approval. Applications for a conditional use shall clearly demonstrate the following:

- (1) Land use compatibility. The applicant shall demonstrate that the conditional use, including its proposed scale and intensity, traffic-generating characteristics, and off-site impacts are compatible and harmonious with adjacent land use and will not adversely impact land use activities in the immediate vicinity.
- (2) Sufficient site size, adequate site specifications, and infrastructure to accommodate the proposed use. The size and shape of the site, the proposed access and internal circulation, and the urban design enhancements must be adequate to accommodate the proposed scale and intensity of the conditional use requested. The site shall be of sufficient size to accommodate urban design amenities such as screening, buffers, landscaping, open space, off-street parking, efficient internal traffic circulation, infrastructure (i.e., refer to chapter 94 to ensure concurrency management requirements are met) and similar site plan improvements needed to mitigate against potential adverse impacts of the proposed use.
- (3) Proper use of mitigative techniques. The applicant shall demonstrate that the conditional use and site plan have been designed to incorporate mitigative techniques needed to prevent adverse impacts to adjacent land uses. In addition, the design scheme shall appropriately address off-site impacts to ensure that land use activities in the immediate vicinity, including community infrastructure, are not burdened with adverse impacts detrimental to the general public health, safety and welfare.
- (4) Hazardous waste. The proposed use shall not generate hazardous waste or require use of hazardous materials in its operation without use of city-approved mitigative techniques designed to prevent any adverse impact to the general health, safety and welfare. The plan shall provide for appropriate identification of hazardous waste and hazardous material and shall regulate its use, storage and transfer consistent with best management principles and practices. No use which generates hazardous waste or uses hazardous materials shall be located in the city unless the specific location is consistent with the comprehensive plan and land development regulations and does not adversely impact wellfields, aquifer recharge areas, or other conservation resources.
- (5) Compliance with applicable laws and ordinances. A conditional use application shall demonstrate compliance with all applicable federal, state, county, and city laws and ordinances. Where permits are required from governmental agencies other than the city, these permits shall be obtained as a condition of approval. The city may affix other conditions to any approval of a conditional use in order to protect the public health, safety, and welfare.
- (6) Additional criteria applicable to specific land uses. Applicants for conditional use approval shall demonstrate that the proposed conditional use satisfies the following specific criteria designed to ensure against potential adverse impacts which may be associated with the proposed land use:
 - a. Land uses within a conservation area. Land uses in conservation areas shall be reviewed with emphasis on compliance with section 108-1 and articles III, IV, V, VII and VIII of chapter 110 pertaining to environmental protection, especially compliance with criteria, including land use compatibility and mitigative measures related to wetland preservation, coastal resource impact analysis and shoreline protection, protection of marine life and fisheries, protection of flora and fauna, and floodplain protection. The size, scale and design of structures located within a conservation area shall be restricted in order to prevent and/or minimize adverse impacts on natural resources. Similarly, public uses should only be approved within a wetland or coastal high hazard area V zone when alternative upland locations are not feasible on an upland site outside the V zone.
 - b. Residential development. Residential development proposed as a conditional use shall be reviewed for land use compatibility based on compliance with divisions 2 through 14 of article IV and divisions 2 and 3 of article V of this chapter pertaining to zoning district regulations, including size and dimension regulations impacting setbacks, lot coverage, height, mass of building, building coverage, and open space criteria. Land use compatibility also shall be measured by appearance, design, and land use compatibility criteria established in chapter 102; articles III, IV and V of chapter 108; section 108-956; and article II of chapter 110; especially protection of historic resources; subdivision of land; access, internal circulation, and off-

street parking; as well as possible required mitigative measures such as landscaping and site design amenities.

- c. Commercial or mixed use development. Commercial or mixed use development proposed as a conditional use shall be reviewed for land use compatibility based on compliance with divisions 2 through 14 of article IV and divisions 2 and 3 of article V of this chapter pertaining to zoning district regulations, including size and dimension regulations impacting floor area ratio, setbacks, lot coverage, height, mass of buildings, building coverage, and open space criteria. Land use compatibility also shall be measured by appearance, design, and land use compatibility criteria established in chapter 102; articles I, II, IV and V of chapter 108; section 108-956; and article II of chapter 110; especially protection of historic resources; subdivision of land; access, pedestrian access and circulation; internal vehicular circulation together with access and egress to the site, and off-street parking; as well as possible required mitigative measures such as landscaping, buffering, and other site design amenities. Where commercial or mixed use development is proposed as a conditional use adjacent to U.S. 1, the development shall be required to provide mitigative measures to avoid potential adverse impacts to traffic flow along the U.S. 1 corridor, including but not limited to restrictions on access from and egress to U.S. 1, providing for signalization, acceleration and deceleration lanes, and/or other appropriate mitigative measures.
- d. Development within or adjacent to historic district. All development proposed as a conditional use within or adjacent to the historic district shall be reviewed based on applicable criteria stated in this section for residential, commercial, or mixed use development and shall also comply with appearance and design guidelines for historic structures and contributing structures and/or shall be required to provide special mitigative site and structural appearance and design attributes or amenities that reinforce the appearance, historic attributes, and amenities of structures within the historic district.
- e. Public facilities or institutional development. Public facilities or other institutional development proposed as a conditional use shall be reviewed based on land use compatibility and design criteria established for commercial and mixed use development. In addition, the city shall analyze the proposed site location and design attributes relative to other available sites and the comparative merits of the proposed site, considering professionally accepted principles and standards for the design and location of similar community facilities and public infrastructure. The city shall also consider compliance with relevant comprehensive plan assessments of community facility and infrastructure needs and location impacts relative to service area deficiencies or improvement needs.
- f. Commercial structures, uses and related activities within tidal waters. The criteria for commercial structures, uses and related activities within tidal waters are as provided in section 122-1186.
- g. Adult entertainment establishments. The criteria for adult entertainment establishments are as provided in division 12 of article V of this chapter.

Richard,

I am pretty thin on the specifics but as a general rule , provided all other statutory requirements are met, I agree that an applicable state statute would preempt a local ordinance.

Subject: Fw: 1327 Duval Street

Good Afternoon Ron and George,

I am emailing about a property in the HCT zoning district. Patrick and I met about this but the issue at hand seems to be more of a legal matter. The HCT zoning district places a 20 room minimum on any hotel, motel, or guest house applying for a conditional use to have a bar. The attached Florida statute appears to be on point in superseding any local law or ordinance that attempts to require a greater number of rooms than this statute requires.

This statute provides that a historic guest house can obtain a specialty liquor license so long as it has a minimum of 10 rooms.

I believe this statute would invalidate the 20 room requirement, thus allowing this property owner to apply for a conditional use to have a bar on his property. We are not saying the property owner has a right to have the bar, we are saying he has the right to apply to have one.

Please feel free to contact me with any questions. I'm happy to set up a meeting if that is helpful.

Thank you,

Richard J. McChesney, Esq.

Subject: 1327 Duval Street

Good Afternoon Patrick,

I am writing in regards to our discussion yesterday about 1327 Duval Street and the permitted/conditional uses. As discussed, we determined that alcohol sales to the guests of the guesthouse would be considered a permitted accessory use. To that end, I will forward the State alcohol sales application to Ron Wampler for city sign-off. We further discussed alcohol sales to non-guests and how that would fall under the conditional uses in the HCT district. However, the HCT district limits this to hotels, motels, and other transient lodging with a minimum of 20 units. I have attached the Florida Statutes that control the liquor license that 1327 Duval St qualifies for. It is the historic hotel/motel/guest house license and the statute is F.S. 561.20(2)(a)(1). This statute indicates that local law cannot require a higher number of rooms than this statute requires, which is 10. What we want to confirm is that this property owner can, at some point, submit a conditional use application for a bar that would serve non-guests of the guesthouse.

Please feel free to contact me with any questions.

Thank you,

Subject: RE: License Question

Hi Richard,

If the license is currently designated as a 5COP-**SH**, then it meets FS for historic, meaning they have provided the required documentation as proof they met for the location.

Any entity applying, is required to provide the proof of which one they fall under as designated historic. As you can see below for FS 561.20(2)(a)1- there are parameters the location must meet, according to when it was built and when the city or the establishment was designated as history and that document is registered with the municipality or historic registration society.

561.20

(2)(a) The limitation of the number of licenses as provided in this section does not prohibit the issuance of a special license to: 1. Any bona fide hotel, motel, or motor court of not fewer than 80 guest rooms in any county having a population of less than 50,000 residents, and of not fewer than 100 guest rooms in any county having a population of 50,000 residents or greater; or any bona fide hotel or motel located in a historic structure, as defined in s. 561.01(21), with fewer than 100 guest rooms which derives at least 51 percent of its gross revenue from the rental of hotel or motel rooms, which is licensed as a public lodging establishment by the Division of Hotels and Restaurants; provided, however, that a bona fide hotel or motel with no fewer than 10 and no more than 25 guest rooms which is a historic structure, as defined in s. 561.01(21), in a municipality that on the *effective date of this act has a population*, according to the University of Florida's Bureau of Economic and Business Research Estimates of Population for 1998, of no fewer than 25,000 and no more than 35,000 residents and that is within a constitutionally chartered county may be issued a special license. This special license shall allow the sale and consumption of alcoholic beverages only on the licensed premises of the hotel or motel. In addition, the hotel or motel must derive at least 60 percent of its gross revenue from the rental of hotel or motel rooms and the sale of food and nonalcoholic beverages; provided that this subparagraph shall supersede local laws requiring a greater number of hotel rooms;

Hello Richard

The temporary license does not reflect the special designation.

The second attachment is an invoice for the permanent license fee on a 5cop. The SH is not an additional fee, the invoice will not reflect this either.

The permanent license will state 5cop and then have a designation on it.

When you go out onto the "verify a license" portal- (previous instructions provided to you) you can search by license number and see that the designation is listed. See both screen shots below.

The State of Florida has a very broad public records law pursuant to Chapter 119, Florida Statutes. Most written communications to and from state officials regarding state business are public records, available to the public and media upon request. Therefore, your e-mail communications may be subject to public disclosure.
