- Subdivision Waiver - 1319 William Street (RE # 00036920-000000) – No floodplain comments
- Amendment to a Conditional Use - 150 Simonton Street (RE#00000290-000000)
 - Question whether “recreational vehicles” is the correct term for rental scooters/cars, as there’s a much different definition for “recreational vehicles” placed within flood zones.
 - Electrical floodplain permit for any new service will need to demonstrate elevation of power distribution meters to Design Flood Elevation in this AE-7 flood zone. Which will be roughly +5-ft (NGVD-29) above grade.
- Conditional Use - 601 Front Street (RE# 00000030-000000)
 - Question whether “recreational vehicles” is the correct term for rental scooters/cars, as there’s a much different definition for “recreational vehicles” placed within flood zones.
 - Electrical floodplain permit for any new service will need to demonstrate elevation of power distribution meters to Design Flood Elevation in this AE-9 flood zone. Which will be roughly +6-ft (NGVD-29) above grade.
- Conditional Use - 1327 Duval Street (RE# 00036190-000100)
 - Elevation of the structure would need to be either elevated or floodproofed to the Design Flood Elevation for this site.
- Easement - 403-405 Caroline Street (RE # 00001610-000000) - No floodplain comments
- Major Development Plan, Conditional Use, and Landscape Modification /Waiver - 3824 & 3840 North Roosevelt Boulevard

 - Some details too pixilated to read.
 - Floodplain compliance is achieved in accordance with the FEMA flood maps in-place at the time of permitting. FEMA’s pending Letter of Final Determination for new flood maps could establish new compliance elevations were this project not permitted prior to that as-yet-unknown date. At this time, the best guess for new flood map compliance would be 4th quarter of 2019 or 1st quarter of 2020.
