No, I have just issued the after the fact emergency permit for the Royal Poinciana tree that fell down. You can pick that up now.

Let me know what you want to do about the 100 Blk of Southard Royal Poinciana tree.

Sincerely,

Karen

Hi Karen,

If we withdraw our application for the removal of the second Poinciana tree at this location do we still need to have a representative at the meeting to approve this after the fact application for the removal that was done by the City?

Thanks,
Sterling

Just an application and yes, it is a (1) tree replacement but I need the paperwork to create a tracking file. Same application you usually use I just write after-the-fact on the top then label it as such with the emergency replacement requirement included.

Sincerely,
