**Re: HydroThunder of Key West – Recreational Vehicle Rentals
Conditional Use Application – Traffic Statement**

Dear Greg:

HydroThunder of Key West is an existing recreational vehicle rental business that operates at multiple locations in Key West, Monroe County, Florida. At the present time, their operations at the Pier House Resort and Spa located at One Duval Street has 70 recreational vehicle licenses. The current fleet mix at this location consists of 68 scooters and two (2) electric cars.

A conditional use application has been prepared to relocate these existing recreational vehicle licenses directly across Simonton Street to the Hyatt Centric Key West Resort & Spa which is located at 601 Front Street. The number of licenses (i.e. 70) will remain constant; however, the fleet mix will be altered to include 50 electric cars and 20 scooters. As part of the conditional use application process for the relocation of these licenses, a traffic statement is required. The purpose of this statement is to document the anticipated traffic impacts associated with the relocation of these vehicles and their associated licenses.

Based upon a review of the existing and proposed locations for the subject HydroThunder recreational vehicles and the surrounding roadway network, it is evident that the immediate area of influence (or, the area most greatly impacted by these vehicles) is essentially unchanged. Furthermore, since the number of vehicles offered will not change, the level of impact will be generally consistent. As such, the traffic impacts on the adjacent roadway network are considered to be negligible.

If you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

KBP CONSULTING, INC.

CONDITIONAL USE CRITERIA

CONDITIONAL USE CRITERIA

601 Front Street (R.E. # 00000030-000000)

Title Block:

- a. Name of Development: Hyatt Centric Hotel
- b. Name of Owner: IA Lodging Key West, LLC
- c. Name of Tenant/Operator: Hydro-Thunder of Key West, Inc.
- d. Name of Applicant: Oropeza Stones & Cardenas, PLLC
- e. North Arrow: As identified on the survey

Identification of Key Persons:

- f. Owners: IA Lodging Key West, LLC
- a. Authorized Agent: Oropeza, Stones & Cardenas, PLLC
- b. Surveyor: Florida Keys Land Surveying

Project Description:

Project Description: The proposed project is to relocate existing electric car and scooter license from 1 Duval Street (Pier House) to 601 Front Street, where there exists a recreational vehicle use.

Other Project Information:

- a. Proposed Phases of Development and Target Dates: NA

Sec. 122-62. Specific Criteria for Approval

(a) The Planning Board may find that the Application meets the Code purpose of ensuring that “a conditional use shall only be permitted on specific sites where the proposed use may be adequately accommodated without generating adverse impacts on properties and land uses within the immediate vicinity.”

(b) Characteristics of use described.

(1) Scale and intensity of the proposed conditional use as measured by the following:

- a. Floor area ratio – No change.
- b. Traffic generation – The proposed project will not alter any roadways and not have a negative impact on the flow of traffic. The majority of traffic is walk-up foot traffic at Hydro-Thunder’s primary location at 150 Simonton Street. The subject location is primarily used to store vehicles for use. In addition, Hydro-Thunder provides a free shuttle service to and from local hotels for its customers. The proposed relocation of vehicles is a replacement of an existing location one block from the proposed location. As evidenced by Hydro-Thunder’s traffic engineer, Karl B. Peterson, there will be no change in traffic flow or impact.
- c. Square feet of enclosed building for each specific use – None.
- d. Proposed employment – Two employees at any given time.

e. Proposed number and type of service vehicles – Zero.

f. Off-street parking needs – Zero, as this site is used for storage and overflow from Hydro-Thunder's primary location at 150 Simonton Street.

(2) On-or off-site improvement needs generated by the proposed conditional use and not identified on the list in subsection (b)(1) of this section including the following:

- a. Utilities – Current utility service is adequate to support the proposed relocation of licenses.
- b. Public facilities, especially any improvements required to ensure compliance with concurrency management as provided in Chapter 94 – No upgrades to public facilities are anticipated as a result of the proposed development.
- c. Roadway or signalization improvements, or other similar improvements – No upgrades to roadways or signalization are anticipated as a result of the proposed development.
- d. Accessory structures or facilities – None.
- e. Other unique facilities/structures proposed as part of site improvements – None known at this time.

(3) On-site amenities proposed to enhance site and planned improvements. Amenities including mitigative techniques such as:

- a. Open space – No change.
- b. Setbacks from adjacent properties – No change.
- c. Screening and buffers – No change.
- d. Landscaped berms proposed to mitigate against adverse impacts to adjacent sites – No change.
- e. Mitigative techniques for abating smoke, odor, noise and other noxious impacts – The proposed development is not anticipated to produce any smoke, odor, noise or noxious impacts.

(c) Criteria for conditional use review and approval.

(1) Land use compatibility – The conditional use shall not adversely impact land use activities in the immediate vicinity and is compatible with the surrounding property. The property is located in a hotel complex in a strictly commercial corridor of Key West.

(2) Sufficient site size, adequate site specifications and infrastructure to accommodate the proposed use – The size and shape of the site are more than adequate to accommodate the proposed scale and intensity of the conditional use requested.

(3) Proper use of mitigative techniques – Adverse impacts will not affect surrounding properties.

(4) Hazardous waste – No hazardous waste will be generated or used on the Property. There shall be no fuel or products stored on site.

(5) Compliance with applicable laws and ordinances – All applicable federal, state, county and city laws shall be complied with for the proposed relocation of licenses.

(6) Additional criteria applicable to specific land uses.

- a. Land uses within a conservation area – Not applicable.
- b. Residential development – Not applicable.
- c. Commercial or mixed-use development. Not applicable.
- d. Development within or adjacent to Historic District – Not applicable as no new development is proposed.
- e. Public facilities or institutional development – Not applicable.
- f. Commercial structures, uses and related activities within tidal waters – Not applicable.
- g. Adult entertainment establishments – Not applicable.
