

Your Higness ,

I am Domenico Amarena I have my mobile vendor license since 2014/2015 approximately.

My dream was to retire in the peaceful key west like I am an ex Italian policeman (I left the uniform after 25 years because I have a big problems with my legs and I did not want to stay in the office). Unfortunately I realized that my problem only get worse and like say my wife I only put myself in danger in the heat .

I have very often bleeding from my legs,I changed two times my cart for a smaller one to make it easier for me but I could not make it and I realize that I must give up and accept my conditions.

Anyhow this year I became friend with a great kid he is a cop ' s son and he got married in key west and his wish is to have a mobile vendor license and grow up his children here and his ideas is really better than mine so I am really happy to transfer the license to him and see this young kid with no healthy problems to make his dream come true .

Thank you very much .

Sincerely

Amarena Domenico DRIVER LICENSE A

WOULD LIKE TO TRANSFER TO;
CURRAN ZAK ADAM
