Subject: 1130 Duval Street Exception
Date: Monday, December 09, 2019 4:01:05 PM

Dear City of Key West,

I am a resident within 300 feet of the business requesting an exception to the outdoor display of merchandise restriction in the HRCC-3 district. I am opposed to this exception. This end of Duval Street is the quiet, arts end of the street with a number of high end galleries and shops in the immediate area. Displaying racks of sale merchandise outside on the sidewalk in this location is not appropriate for this part of town. In addition, given the number of people who traverse this sidewalk everyday, narrowing it even a little to accommodate merchandise makes it dangerous (people step out into the street to get by) and much more difficult to negotiate. Please reject this request.
