1	^	Ь			CATEGORY 7: DISASTER MITIGATION
\vdash	Catagory Mi	nimum E /	Catagory	Mavimum	
	Category Mi		Category i	Taxiiiiuii	130
٦		Points	Points	Caire	
3	DAMA Hami	Achieved	Possible	Criteria	
	DM1 Hurric	ane (wind		Safe rooi	
-	DM1.01		2 2	+	d attic or No attic
_	DM1.02		2		d attic of No attic. door, and skylight protection or impact resistant type
	DM1.04		1		garage and exterior door protection
\vdash	DM1.05		1		structures and equipment properly anchored
10	DM1.06		2		ry water protection installed on roof
11	DM1.07		2		applied to roof sheathing
12	DM1.08		2	Roof Shingles	
13	DM1.09		2	Raised SI	ab or Pier Foundation
	DM1.10		5	Comply v	with Fortified For Safer Living Standards
15	DM2 Floor	/must in co	rnorete	II +bros)	
	DM2 Flood DM2.01	(must inco		three)	Finished floor level at least 12" above 100 yr flood plain
18	DIVIZ.UI		3		Bottom of slab at least 8" above the top of backfilled dirt, graded for proper drainage
19					Garage floor & driveway sloped to drain out. Garage floor at least 4" lower than living floor
20					Towns 100. & anveway stoped to aram out. Ourage noor at least 4 lower trial living noor
21	DM3 Fire (r	nust incorp	orate all t	three for	3.1)
22	DM3.01	0	3		Fire resistant exterior wall cladding
23					Fire resistant roof covering or sub-roof
24					Fire resistant soffit and vent material
25 26	DM3.02	0	3		Fire Sprinklers installed to cover 100% of living area of home
	DM4 Lighti	ning & Floo	etronics Dr	otection	
		illig & Liet	ci Offics F1	Otection	
	H)M4 ()1		1 - 2	Installed	Surge Suppression or Lightning Protection System
29	DM4.01		1 - 2	Installed	Surge Suppression or Lightning Protection System
29		ites (must c		•	Surge Suppression or Lightning Protection System lits listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points)
29		ites (must co		•	
29 30		ites (must co	omply w/red	quired cred	lits listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points)
30 31 32 33		ites (must co	omply w/red	quired cred	lits listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04)
30 31 32 33 34		ites (must co	omply w/red required required	quired cred Yes Yes Yes	lits listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used
30 31 32 33 34 35	DM5 Term		omply w/red required required required	quired cred Yes Yes Yes	its listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion
30 31 32 33 34 35 36	DM5 Term		omply w/red required required required	quired cred Yes Yes Yes	its listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion Rain gutters installed (downspouts discharge a minimum of 3' from home) OR meet large overhangs (≥2')
30 31 32 33 34 35 36 37	DM5 Term		omply w/red required required required	quired cred Yes Yes Yes	its listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion Rain gutters installed (downspouts discharge a minimum of 3' from home) OR meet large overhangs (≥2') Condensate line(s) discharge a min of 2' from home & are located 5' or more from dryer vent
30 31 32 33 34 35 36 37 38	DM5 Term		omply w/red required required required	quired cred Yes Yes Yes	its listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion Rain gutters installed (downspouts discharge a minimum of 3' from home) OR meet large overhangs (≥2') Condensate line(s) discharge a min of 2' from home & are located 5' or more from dryer vent Irrigation/sprinkler water does not hit building
30 31 32 33 34 35 36 37 38 39	DM5 Term	0	omply w/red required required required	quired cred Yes Yes Yes	its listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion Rain gutters installed (downspouts discharge a minimum of 3' from home) OR meet large overhangs (≥2') Condensate line(s) discharge a min of 2' from home & are located 5' or more from dryer vent
30 31 32 33 34 35 36 37 38 39 40	DM5 Term		omply w/red required required required 10	Yes Yes Yes DM 5.01:	lits listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion Rain gutters installed (downspouts discharge a minimum of 3' from home) OR meet large overhangs (≥2') Condensate line(s) discharge a min of 2' from home & are located 5' or more from dryer vent Irrigation/sprinkler water does not hit building Damage replacement warranty issued and available for annual renewal
30 31 32 33 34 35 36 37 38 39 40 41	DM5 Term	0	omply w/red required required required	Yes Yes Yes DM 5.01:	its listed below AND EITHER DM 5.1 OR DM 5.2 OR DM 5.3 to receive points) Seal slab penetrations (Health: H2.04) Vegetation > 2 ft. from foundation (Materials: M3.06) Sprinklers & emitters are 2 feet from house (Materials: M3.07) OR no installed irrigation (Water: W6.01) Chemical Soil Treatment Used Exterior cladding installed to prohibit intrusion Rain gutters installed (downspouts discharge a minimum of 3' from home) OR meet large overhangs (≥2') Condensate line(s) discharge a min of 2' from home & are located 5' or more from dryer vent Irrigation/sprinkler water does not hit building
