

Staub

## Transportation

- **Health Foundation Grant:** Working with Street Plans regarding current implementation, taking in comments
- **FKTCC:** Monroe County is working on its Transportation Master Plan; please visit <https://www.us1masterplan.com/> to provide public input
- **TAF/TCT:** Working with TCT to establish a long-term Transportation Plan across departments; will present at March SAB meeting
- **FDOT Grants:** Working with consultant to finalize what needs to be surveyed to move forward
- **Micromobility Devices:** Ordinance close to completion, adding one last piece to planning to remove heavy burden on smaller vehicle ;
- **Bicycle Parking and Land Use:** Bicycle Parking Ordinance complete, will hopefully go to Planning within the next few months; working with engineering to ID spaces to install bike racks
- **Parking:** Working with planning on how to move forward based on input from SAB
- **Right of Way Work:** Working with Planning on North Roosevelt Redevelopment to improve mobility along the route and the update to Greene and Elizabeth Street
- **Wickers:** Work Order is in, awaiting final engineering department input before proceeding

### Priorities:

- LDR updates to improve transportation modal choices and reduce congestion
- Wickers Planning and Construction
- Phase II Greenway work, Phase III planning
- FDOT Grant planning
- Planning for Salt Ponds connectivity
- North Roosevelt Corridor Work
