Good Evening,

I have attached a tree permit application to remove a large Ficus Aurea (Strangler Fig) in my yard shared with my neighbor at 1613 Duncan St.

I treat it and trim it annually for it's health, but it is still dying and has the potential to cause harm to me or my neighbors. It is located in mine and my neighbors backyard and will not cause any street delays if it is removed.

Respectfully,

Hi Karen,

I just left you a message about my neighbor coming to the Tree Commission meeting on April 12th.

Seems he doesn't want to pay anything for the removal which I have agreed to pay. I have 3 bids with the lowest for removal from John Cole, Shade Tree Inc.

Not sure if he is still in favor of the removal and do I have any recourse on that.

The tree not only is diseased but termites are in the trunk and now we have having issues in our upstairs. He doesn't have as much damage to his property as we have. Pool has issues, travertine and now we are experiencing cocoon/caterpillars.

Would I be able to come to the April meeting if this issue is being discussed. He doesn't want to claim the tree but he doesn't have the issues I have had since my \$300,000.00 renovation after Hurricane Irma which included a large tree limb going through the downstairs back roof and damaging 3 rooms upstairs.

Thank You !

Luanne

So sorry I missed your e-mail for the April 12th Tree Commission agenda. I was out of town for 8 days and returned but been busy catching up myself. I will send it to you later this week or early next week for the May 11th Tree Commission meeting.

Thank You,

Luanne

Luanne,

Hi there, I am trying to finalize the April 12 Tree Commission agenda but I need something in writing from you to confirm that you want the strangler fig tree removed. Can you send me something please!! I need to finalize the April agenda at 9

a.m. Wednesday morning (3-21-21). Otherwise, I will place the application on the May 11 meeting agenda.

Sincerely,

Karen

Luanne:

I have the application to remove the strangler fig tree from your neighbor, William Andrews. Since the tree is on the property line I need paperwork from you that says you want the tree removal request processed. I would need something from you by Tuesday, March 30 at noon in order for the application to be placed on the April 12 Tree Commission meeting agenda.

Your husband asked that I send the certified arborist/tree trimmer list to you so you can gather additional price quotes. Attached is a list of those that are licensed to work in the City of Key West.

Sincerely,

Karen

Karen,

Here attached are photos taken of the mess we deal with coming from the tree. Didn't know if these would be helpful.

Thank You!
