

## THE CITY OF KEY WEST

1300 White Street, Key West, FL 33041-1409 (305) 809-3700

---

### EXECUTIVE SUMMARY

**Date:** September 1, 2021  
**To:** Patti McLauchlin, City Manager  
**From:** Steve McAlearney, Director of Engineering  
**Subject:** Extension of Post-Disaster Traffic Signal Repair Contract

#### **Action Statement**

Approve a two (2) year extension of a post-disaster, traffic signal repair contract for AGC Electric, Inc. Authorize City Manager to execute the extension.

#### **Background**

Traffic signal repair services for City owned signals are provided by Keys Energy Services (Keys). Keys has indicated that in a post-disaster situation, they will not have the manpower to prioritize repair of City owned signals. To expedite recovery, the City issued RFP 008-19: *Post Disaster Traffic Signal Repair*. Resolution 19-268 awarded a two-year, post-disaster traffic signal repair owner-contractor agreement to AGC Electric, Inc. In accordance with the agreement, a single two-year renewal is authorized at the discretion of the City. The current agreement expires September 16, 2021.

#### **Purpose and Justification**

This resolution supports the City's 2011 Strategic Plan, Infrastructure Goal #1, *A transportation system which is aesthetically attractive, functional, efficient, safe and environmentally sensitive.*

#### **Financial**

Contracts are issued on a task order basis. Contract includes FEMA required language in anticipation of potential reimbursement in the case of declared states of emergency.

#### **Recommendation**

Staff recommends approving a two-year extension to AGC Electric, Inc. for post-disaster traffic signal repair. Authorize City Manager to execute the extension.
