Judkins, DG. "Injury Prevention", in *Clinical Medicine, 2nd Ed.*, Greene HL, Ed., Mosby, St. Louis, 1996 (published July 1995), pages 108-112.

- **Promote safer alternative options**
 - Duval Loop
 - Electric carts
 - Trolley
 - Uber & Lyft
- **Conduct more research**
 - Traffic Study
 - Redesign infrastructure (Engineering)
- **Establish strong regulations**
 - Ordinance
 - Education
 - Enforcement
- **Perform proper evaluation**
 - Establish baseline data:
 - EMS call volume
 - ED visits
 - Type of injury/severity
 - Cause/location

Sec. 90-395. - Standards, findings.

Standards for considering variances. Before any variance may be granted, the planning board must find all of the following:

Not injurious to the public welfare. That the grant of the variance will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare.

That the applicant has demonstrated a "good neighbor policy" by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these neighbors.

Sec. 122-62. - Specific criteria for approval.

Criteria for conditional use review and approval. Applications for a conditional use shall clearly demonstrate the following:

Land use compatibility. The applicant shall demonstrate that the conditional use, including its proposed scale and intensity, traffic-generating characteristics, and off-site impacts are compatible and harmonious with adjacent land use and will not adversely impact land use activities in the immediate vicinity.

Consider

- Thoughtfully consider each variance request with an eye toward neighborhood preservation.

Weigh

- Weigh all aspects of public safety and regulations relative to
 - e-scooters.

Support

- Support our efforts to minimize further encroachment of commercial endeavors into our historic neighborhood.
