Code Violati	ons:									

Count 1: Sec. 14-37 -Building without a permit

Factual Allegations for the Charges:

Calulaco Construction Inc. applied for the above referenced permit application. The permit application was granted for the replacement of 820 square feet of deck boards only. Code Compliance received a complaint that work was performed beyond the scope of the permit. Code Compliance has an active case CC2018-01660 for the replacement of the entire deck new foundations, joist and additional square footage. This permit has been revised but unfortunetly has not been approved due to the requirement of engineered drawings the contractor has failed to provide.
