

Historic Architectural Review Commission Staff Report for Item 15

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Daniela Salume, MFA
Historic Preservation Manager

Meeting Date: May 26, 2026

Applicant: Carlos Rojas

Application Number: C2026-0033

Address: 409 Catherine Street

Description of Work:

Renovations to contributing structure. New Bahama shutters enclosing existing historic front porch and new louvers on front concrete wall.

Site Facts:

The property is a contributing structure in the historic district built circa 1938. The site consists of a one-story frame structure with a covered front porch, as well as a pool and pool deck in the rear. Based on documentation, the front porch was added between 1962 and 1965, as it is not shown on the 1962 Sanborn Map but does appear in the circa 1965 historic photograph. Currently the property is located within an AE-6 flood zone.

Photo taken by the Property Appraiser's office c1965. Monroe County Library.

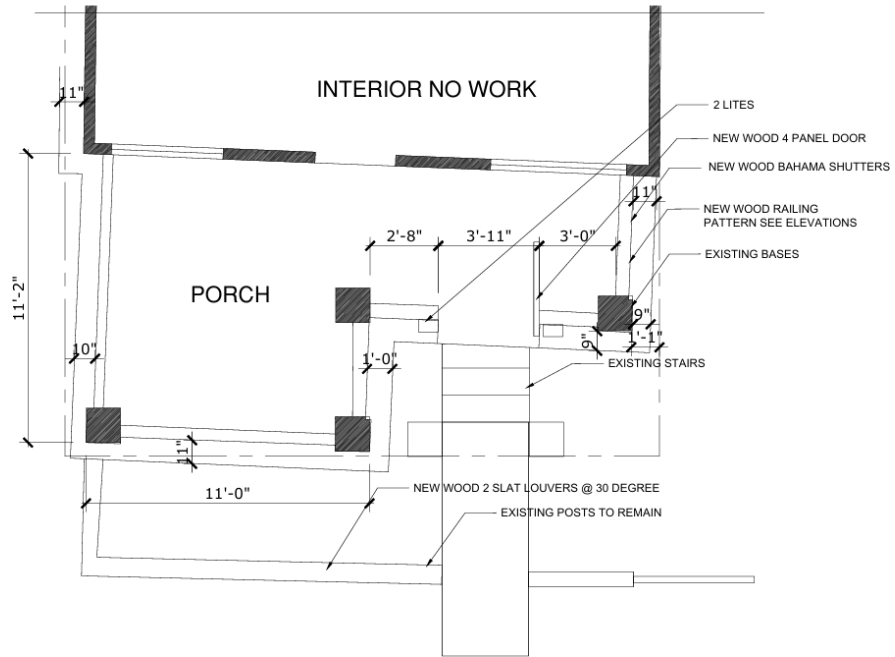

Photo of property under review, view from Catherine Street.

Photo of property under review, view of entrance to enclosed porch with lattice.

Photo of property under review, photo from interior of enclosed porch.

Existing Side Elevation.

PROPOSED RIGHT SIDE ELEVATION

1/4" = 1'-0"

Proposed Side Elevation.

Consistency with Cited Guidelines:

Staff finds portions of the proposal to be consistent with the HARC Guidelines, specifically the removal of the non-historic PVC lattice and installation of a new wood railing on the historic porch, which helps restore a more historically appropriate appearance. **Additions & Alterations Guideline 33** states that “returning a building to its original state by the removal of alterations that have obscured, enclosed, or disguised character-defining features is highly advised.”

However, staff has concerns regarding the proposed enclosure of the upper half of the porch including the wood 4 paneled door and Bahama shutters, **Guideline 1 for Entrances, Porches & Doors** states that “the removal or enclosure of an historic entrance or open front porch or side porch on publicly visible elevations of a contributing building is not appropriate; nor is the use of louvers, glazing, screening or a permanent enclosure of any kind permitted. Additionally, **Guideline 7** states that “porch reconstruction on contributing buildings must duplicate the original entryway and porch and be compatible in design, size, scale, material and color with the historical character of the building.” **Additions & Alterations Guideline 1** states that “additions shall require no or minimal changes to the character defining features of a building and its site,” while **Guideline 2** states that “the removal of historic elements or material or the alteration of a feature that characterizes a building or its site must be avoided.” Staff finds the proposed porch enclosure alters the historic open appearance and character-defining features of the porch.

Also, **Guideline 5 for Architectural Shutters** states that “non-functional, decorative shutters on elevations visible from any street on contributing buildings are prohibited.” Planning indicated that the proposed Bahama shutters would be acceptable provided they do not extend beyond the property line when opened, due to the close proximity of the porch to the property line.

Staff also has concerns regarding the proposed wood slat louvers at the top of the front fence, as the **Fences & Walls guidelines** state that “non-vertical fencing are not allowed.” Staff recommends maintaining a more open porch appearance with traditional wood railings and replacing the proposed slat/louvered fence element with traditional vertical wood pickets, which are found on surrounding properties.

Boundary Survey Report of Part of Lot 4, Square 6,
Tract 11, Island of Key West

NOTES:

1. The legal description shown hereon was furnished by the client or their agent.
2. Underground foundations and utilities were not located.
3. All angles are 90° (Measured & Record) unless otherwise noted.
4. Street address: 409 Catherine St., Key West, FL.
5. This survey is not valid without the signature and the original raised seal of a Florida licensed surveyor and mapper.
6. Lands shown hereon were not abstracted for rights-of-way, easements, ownership, or other instruments of record.
7. Date of field work: September 11, 2024
8. North arrow is assumed and based on the legal description.
9. Adjoiners are not furnished.
10. The Survey Report is not full and complete without the attached Survey Map.
11. Ownership of fences is undeterminable, unless otherwise noted.

BOUNDARY SURVEY OF: On the Island of Key West and is Part of Tract Eleven (11) as per map of Whitehead delineated in February, 1829, and is more particularly described as follows:

Part of Lot Four (4), Square Six (6), Tract Eleven (11) as per diagram recorded in Deed Book J, Page 671, Monroe County, Florida Records. Commencing at a point on Catherine Street distant from the corner of Whitehead and Catherine Streets, One Hundred (100) feet and thence runs along said Catherine Street in a Northeasterly direction Twenty-three (23) feet; thence at right angles in a Northwesterly direction Ninety-three (93) feet and four (4) inches; thence at right angles in a Southwesterly direction Twenty-three (23) feet; thence at right angles in a Southeasterly direction Ninety-three (93) feet and Four (4) inches to the Place of Beginning.

BOUNDARY SURVEY FOR: Donald Richard Matson; Tami Koerbel Matson;
Mason McDuffie Mortgage Corporation;
The Smith Law Firm;
Old Republic National Title Insurance Company;

I HEREBY CERTIFY that this survey was made under my responsible charge and meets the Standard of Practice as set forth by the Florida Board of Professional Surveyors & Mappers in Chapter 5J-17, Florida Administrative Code, pursuant to Section 472.027, Florida Statutes.
