Re: Agreement For the  
Transportation and Disposal  
Of Solid Waste

Dear R.B. :

Please be advised that Waste Management seeks an adjustment to the contract rates based on extraordinary changes in the costs of providing services under the Agreement. As you know, the primary factor in our petition is the extraordinary increase in the cost of fuel. We will shortly provide corroborating data and documentation as required by Section 7.5.5 of the Agreement.

Sincerely,
