**RE: Request**

Mr. O'Russell,

I was forwarded your request for information from our Records Supervisor as dispatch falls under my command. I am having difficulty finding record of this incident. I have searched multiple databases using your name, the dates you provided, and all crashes in that time frame but can find no record of a hit and run or crash that you were involved in. Do you by chance have the case or CAD number associated with this incident? If not, the following information would be helpful:

- Exact date and approximate time of the incident
- Location where the hit and run occurred
- Officer names that you remember dealing with

Additionally, I do not understand what you are specifically asking for. Can you please clarify in your response. All the legal jargon, Florida Statutes, and notary stamp are not necessary. Please be very clear and specific about what you are actually requesting and please print or type your response as your hand writing is a bit difficult to read. I am happy to fulfill any request I am legally obligated to fulfill but I need more information. Please address your response to me at the following:
