Re: Request for Variances at 313 Truman Ave. (RE#00014940-000000)

To whom it may concern:

I have watched with interest the renovation at 313 Truman Avenue. Mr. Rojas and Mr. Thaller are successfully working together to restore a dilapidated house that was an neighborhood eyesore to an attractive, historically respectful dwelling. I am confident that when the project is completed it will be honored in the annual Preservation Awards.

I encourage you to grant the variances that have been requested for this property.

Sincerely,

Jane Newhagen
