To Whom It May Concern:

The City of Key West Tree Commission recently considered your permit application regarding property located at 1315 Whitehead Street, Key West, Florida, at their regularly scheduled meeting on January 13, 2015.

The request of the permit application was for **Approval of the Final Landscape Plan with Tree Removal** for the above mentioned property. The Tree Commission approved the Final Landscape Plan submitted with the application and presented to the Commission. The application that was approved included the removal of 1-Strangler Fig and 1-Christmas Palm to be replaced with 46 caliper inches of FL#1 dicot or fruit trees and 1-native palm to be planted on site.

The permits to actually remove and transplant the trees will not be issued until demolition and/or building permits have been issued for the project.

Sincerely,

David Jackson
