

Staff Report

**THE CITY OF KEY WEST
PLANNING BOARD
Staff Report**

To: Chair and Planning Board Members

From: Kevin Bond, AICP, LEED Green Associate, Senior Planner

Through: Thaddeus Cohen, Planning Director

Meeting Date: May 21, 2015

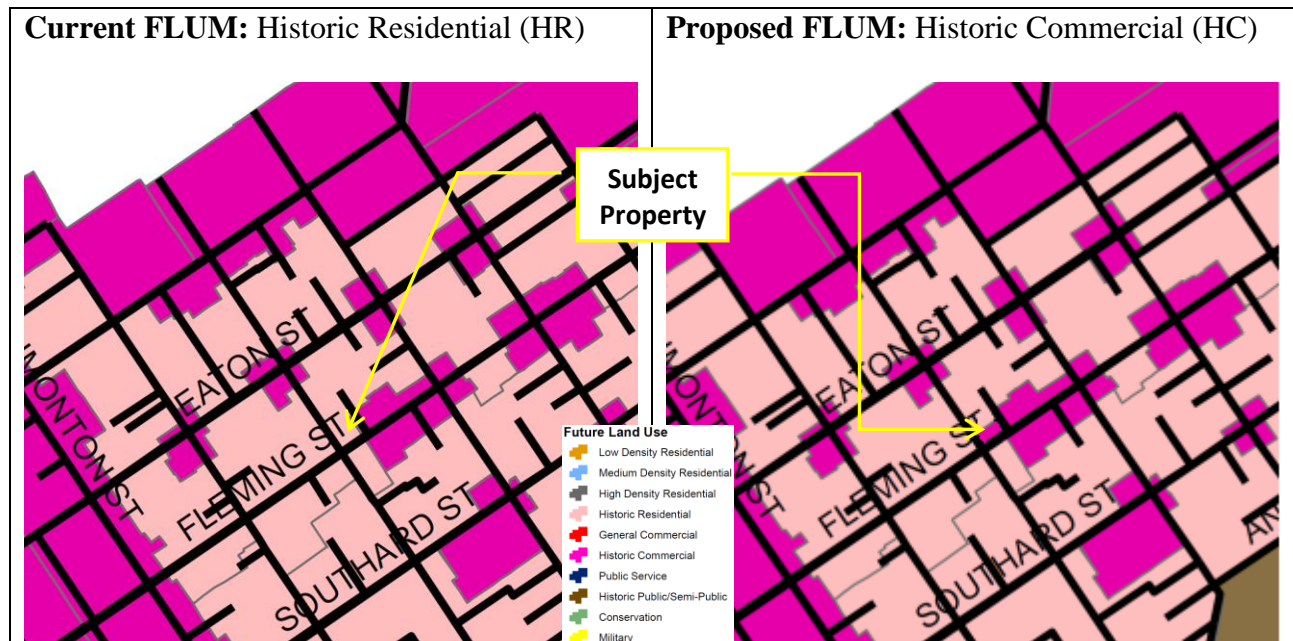

Agenda Item: **Future Land Use Map (FLUM) Amendment – 801-807 Fleming Street (RE # 00005930-000000; AK # 1006157)** – A request to amend the comprehensive plan future land use map (FLUM) category from Historic Residential (HR) to Historic Commercial (HC) on property located at 801-807 Fleming Street pursuant to Chapter 90, Article VI, Division 3 of the Land Development Regulations of the Code of Ordinances of the City of Key West, Florida

Request: A site-specific amendment to the comprehensive plan future land use map from Historic Residential (HR) to Historic Commercial (HC)

Applicant: Trepanier & Associates, Inc.

Property Owner: Tom Talomaa, 801 Fleming Street LLC

Location: 801-807 Fleming Street (RE # 00005930-000000; AK # 1006157)

Background:

The property, located at the northern corner of Fleming and William Streets, consists of two buildings each with a single-family residence according to Monroe County Property Appraiser records. The property is located within the historic district and the buildings are contributing structures built in 1889 and 1892 according to the City’s 2011 Historic Resources Survey. Historic uses of the property over the last 100 years include residential dwellings, stores, a restaurant, a grocery and a cigar factory according to Sanborn maps from 1892 to 1961. More recent uses of the property include residential and retail (1995-2008) and general service (1995-2001) based on City business tax receipts. The prior zoning of the property between 1985 and 1997 was HP-3, which was the light commercial historic preservation district.

Request / Proposed Map Amendment:

The applicant is requesting an amendment to the City’s Comprehensive Plan Future Land Use Map (FLUM) for the subject property. The current FLUM category is Historic Residential (HR). The proposed FLUM category is Historic Commercial (HC). Concurrent with the FLUM amendment, the applicant is also requesting an amendment to the City’s Official Zoning Map for the subject property. The current zoning is Historic Medium Density Residential (HMDR). The proposed zoning is Historic Neighborhood Commercial – Old Town NE & SE (HNC-2). If approved, the request would result in an expansion of the existing adjacent HC FLUM and HNC-2 Zoning District.

Surrounding FLUM and Uses:

- North:** Historic Residential (HR), Single-family residential use
- South:** Historic Residential (HR), Multifamily residential and nonconforming hotel uses
- East:** Historic Commercial (HC), Multifamily residential use
- West:** Historic Residential (HR), Church and residential uses

Future Land Use Map (FLUM) Amendment Process:

Development Review Committee:	March 26, 2015
Planning Board:	May 21, 2015
If denied, then appeal may be filed within 10 calendar days.	
City Commission (1st Reading/Transmittal)	June 19, 2015
Render to DEO	10 working days
DEO Review	Up to 60 days
City Commission (2nd Reading/Adoption)	Within 180 days after ORC
Local Appeal Period:	30 days
Render to DEO	10 working days
DEO Review:	Up to 45 days
DEO Notice of Intent (NOI)	Effective when NOI posted to DEO website

Analysis:

The purpose of Chapter 90, Article VI, Division 3 of the Land Development Regulations (the “LDRs”) of the Code of Ordinances (the “Code”) of the City of Key West, Florida (the “City”) is to provide a means for changing the boundaries of the Future Land Use Map (FLUM) of the Comprehensive Plan (i.e., specific comprehensive plan amendment) consistent with Chapter 163 of the Florida Statutes (F.S.). It is not intended to relieve particular hardships nor to confer

special privileges or rights on any person, but only to make necessary adjustments in light of changed conditions. In determining whether to grant a requested amendment, the City Commission shall consider, in addition to the factors set forth in this division, the consistency of the proposed amendment with the intent of the Comprehensive Plan.

Pursuant to Code Section 90-556(a), the Planning Board, regardless of the source of the proposed change in the Comprehensive Plan, shall hold a public hearing thereon with due public notice as described in Code Chapter 90, Article VI, Division 3. The Planning Board shall consider recommendations of the City Planner, City Attorney, Building Official and other information submitted at the scheduled public hearing. The Planning Board shall transmit a written report and recommendation concerning the proposed change in the Comprehensive Plan to the City Commission for official action. In its deliberations the Planning Board shall consider the criteria in Code Section 90-555.

Criteria for Approving Amendments to Comprehensive Plan Future Land Use Map pursuant to Code Section 90-555

In evaluating proposed changes to the Comprehensive Plan FLUM, the City shall consider the following criteria:

(1) *Consistency with plan.* Whether the proposal is consistent with the overall purpose of the Comprehensive Plan and relevant policies within the Comprehensive Plan, including the adopted infrastructure minimum levels of service standards and the concurrency management program.

Consistency with the overall purpose of the Comprehensive Plan

The City's Comprehensive Plan (the "Plan") was developed in response to the requirements of the Local Government Comprehensive Planning and Land Development Regulation Act (Chapter 163, Part II, Florida Statutes). The Plan and its updates are consistent with the State, Regional and County plans; and serves as the basis for all land development decisions within the City of Key West. In addition to fulfilling legislative requirements, the City's Plan:

- ❖ protects and maintain its natural, historic and cultural resources;
- ❖ preserves its community character and quality of life;
- ❖ ensures public safety, and;
- ❖ directs development and redevelopment in an appropriate manner.

The proposed FLUM amendment would not be inconsistent with the overall purpose of the Plan.

Consistency with relevant policies within the Comprehensive Plan

The proposed FLUM amendment would be consistent with the following relevant policies within the Comprehensive Plan:

- Policy 1-1.1.1: Planning Horizons.
- Policy 1-1.1.4: Affordable Housing and Compact Development Incentives.
- Policy 1-1.1.6: Historic Preservation Areas.
- Policy 1-1.2.1: Provide Access to Goods and Services and Protect Residential Areas from the Adverse Impacts of Transition in Land Use.
- Policy 1-1.2.2: Promote Orderly Land Use Transition.

- Policy 1-1.3.2: Designate Various Types of Mixed Use Commercial Nodes to Accommodate Diverse Commercial Uses.

Consistent with the adopted infrastructure minimum LOS standards and concurrency

The applicant's concurrency analysis concludes that the demand for some public facilities would increase and some would decrease. However, the small size of the property (0.10 acres) limits the maximum development potential, so any increased demand would be relatively small. Therefore, the projected impacts of the land uses allowed by the proposed FLUM amendment are not anticipated generate public facility needs that would trigger capital improvements.

(2) *Conformance with ordinances.* Whether the proposal is in conformance with all applicable requirements of the Code of Ordinances.

The conformity of the proposed FLUM amendment with all applicable requirements of the City Code is being evaluated herein. The submitted application contains all of the information requirement by Code Section 90-554 for FLUM amendments.

(3) *Changed conditions.* Whether, and the extent to which, land use and development conditions have changed since the Comprehensive Plan's effective date and whether such conditions support or work against the proposed change.

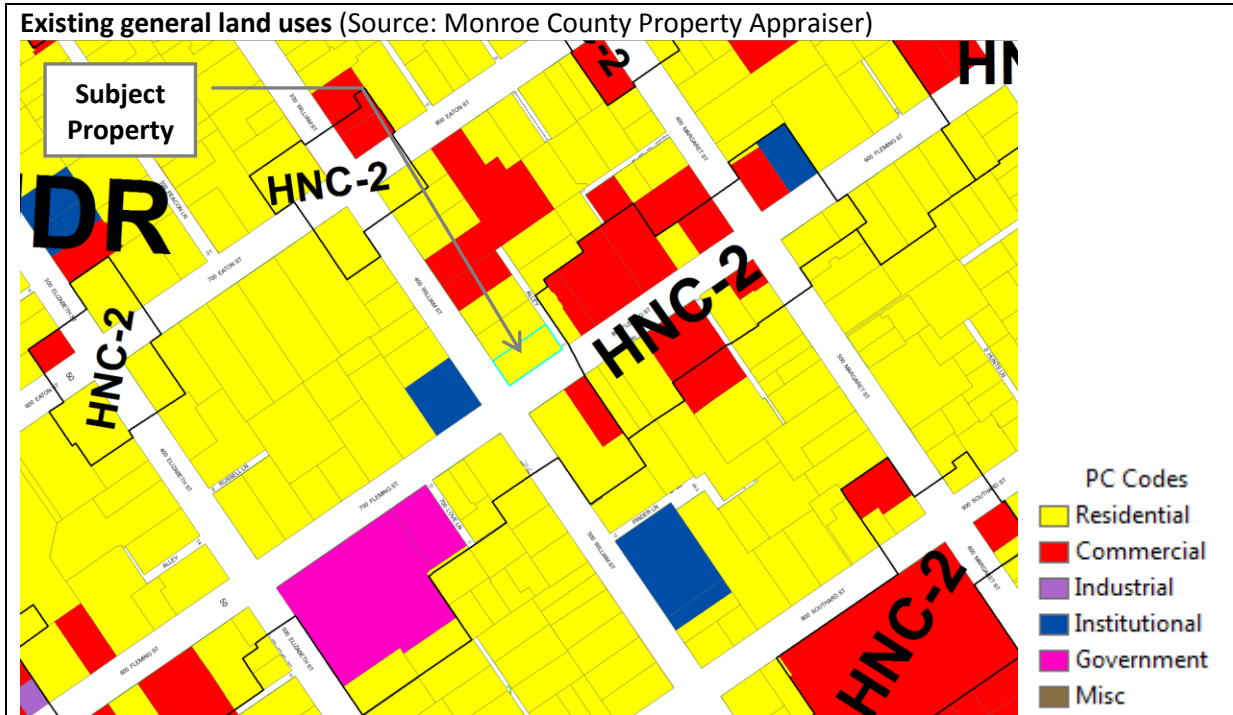

The Comprehensive Plan was adopted on March 5, 2013 and became effective on May 2, 2013. The new Future Land Use Map maintained the residential FLUM category that the property has had since the 1994 Comprehensive Plan and the 1997 Land Development Regulations. Prior to that, the property was zoned HP-3, which allowed residential uses as-of-right and allowed commercial and institutional uses as a special exception (similar to a conditional use). The Sanborn maps document a historical mix of residential and commercial uses on the property. While land use and development conditions may not have changed much since the effective date of the 2013 Comprehensive Plan, the Plan does have policies that support expanding opportunities for mixed uses and reducing automobile dependency while promoting walkable communities.

(4) *Land use compatibility.* Whether, and the extent to which, the proposal would result in any incompatible land uses, considering the type and location of uses involved.

The property is currently used residentially, but there is documentation of prior commercial uses. The proposed HC FLUM and HNC-2 Zoning District would allow for mixed uses, but prohibit transient uses and bars that would potentially be incompatible with the surrounding land uses. The map below shows the general land uses of property within 300 feet of the subject property. Allowed uses within the proposed HNC-2 Zoning District are listed in Code Sections 122-837 and 122-838.

Pursuant to Code Section 122-836, the historic neighborhood commercial district (HNC-2) is restricted to small offices, neighborhood shops, restaurants with very limited seating, or other commercial uses similar in character to traditional neighborhood commercial services, which have very limited square footage and generate low volumes of traffic. In the future, in-fill within the HNC-2 district shall be strictly governed by performance criteria which ensures continued land use compatibility and stability within and among adjacent residential areas.

The HNC-2 district mixed use subareas are comprised of both residential and commercial activities and shall continue to be allowed to develop as mixed use neighborhood centers. Qualitative and quantitative performance criteria shall be used to prevent encroachment by incompatible commercial uses characterized by excessive scale and intensity.

- (5) ***Adequate public facilities.*** Whether, and the extent to which, the proposal would result in demands on public facilities and services, exceeding the capacity of such facilities and services, existing or programmed, including transportation, water and wastewater services, solid waste disposal, drainage, recreation, education, emergency services, and similar necessary facilities and services. Approval of a plan amendment does not constitute a concurrency determination, and the applicant will be required to a concurrency determination pursuant to Code Chapter 94.

The applicant’s concurrency analysis concludes that the demand for some public facilities would increase and some would decrease. However, the small size of the property (0.10 acres) combined with the existing historically-contributing structures means that the any increased demand on public facilities would be relatively small. Therefore, the proposed FLUM amendment is not anticipated to result in the capacity of any public facilities being exceeded.

- (6) ***Natural environment.*** Whether, and to the extent to which, the proposal would result in adverse impacts on the natural environment, including consideration of wetlands protection, preservation of groundwater aquifer, wildlife habitats, and vegetative communities.

The property does not contain any wetlands or groundwater aquifers. Any impacts on vegetative communities would be reviewed and mitigated at the time of a proposed

development. The proposed FLUM amendment is not expected to result in adverse impacts on the natural environment.

(7) *Economic effects.* Whether, and the extent to which, the proposal would adversely affect the property values in the area or the general welfare.

The taxable values of property within residential zoning districts is comparable to the taxable values of property within mixed use neighborhood commercial zoning districts in the area. The proposed FLUM amendment is not expected to adversely affect the property values in the area or the general welfare.

(8) *Orderly development.* Whether the proposal would result in an orderly and compatible land use pattern. Any negative effects on such pattern shall be identified.

The proposed FLUM amendment would result in the extension of an existing area within the HC FLUM category, rather than create an isolated parcel with this designation. There is documentation of historic commercial and residential uses of the subject property over a 100+ year span of time. Orderly future development of the property would be ensured through the application of the City's LDRs and the historic district design guidelines.

(9) *Public interest; enabling act.* Whether the proposal would be in conflict with the public interest, and whether it is in harmony with the purpose and interest of this subpart B and its enabling legislation.

The proposed FLUM amendment would not be in conflict with the public interest, and would be in harmony with the purpose and interest of the LDRs.

(10) *Other matters.* Other matters which the planning board and the city commission may deem appropriate.

The main result of the proposed FLUM amendment and the related zoning map amendment would be opening up the possibility of limited commercial uses on the subject property, such as business and professional offices, commercial retail, medical services, restaurants and veterinary medical services without outside kennels; all of which are currently prohibited by the existing FLUM and zoning. Hotels, motels, transient lodging, bars and lounges are prohibited within the proposed zoning district.

RECOMMENDATION:

The Planning Department, based on the criteria established by the Comprehensive Plan and the Land Development Regulations, recommends to the Planning Board that the request to amend the Comprehensive Plan Future Land Use Map (FLUM) be **APPROVED**.

Draft Resolution

**PLANNING BOARD
RESOLUTION NO. 2015-**

A RESOLUTION OF THE KEY WEST PLANNING BOARD RECOMMENDING APPROVAL OF AN ORDINANCE OF THE CITY OF KEY WEST, FLORIDA, AMENDING THE COMPREHENSIVE PLAN FUTURE LAND USE MAP (FLUM) CATEGORY FROM HISTORIC RESIDENTIAL (HR) TO HISTORIC COMMERCIAL (HC) ON PROPERTY LOCATED AT 801-807 FLEMING STREET (RE # 00005930-000000; AK # 1006157) PURSUANT TO CHAPTER 90, ARTICLE VI, DIVISION 3 OF THE LAND DEVELOPMENT REGULATIONS OF THE CODE OF ORDINANCES OF THE CITY OF KEY WEST, FLORIDA; PROVIDING FOR SEVERABILITY; PROVIDING FOR REPEAL OF INCONSISTENT PROVISIONS; PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the property located at 801-807 Fleming Street (RE # 00005930-000000; AK # 1006157) is currently located within the Historic Residential (HR) Future Land Use Map (FLUM) category; and

WHEREAS, the applicant initiated the proposed FLUM amendment to change the property to the adjacent Historic Commercial (HC) FLUM category; and

WHEREAS, the Planning Board held a noticed public hearing on May 21, 2015, where based on the consideration of recommendations by the City Planner, City Attorney and other information submitted at the hearing, the Planning Board recommended approval of the proposed FLUM amendment; and

WHEREAS, the Planning Board determined that the proposed FLUM amendment: is consistent with the Comprehensive Plan; is in conformance with all applicable requirements of the Code of Ordinances; was not stimulated by changed conditions after the effective date of the existing regulations; will promote land use compatibility; will not result in additional demand on

_____ Chair

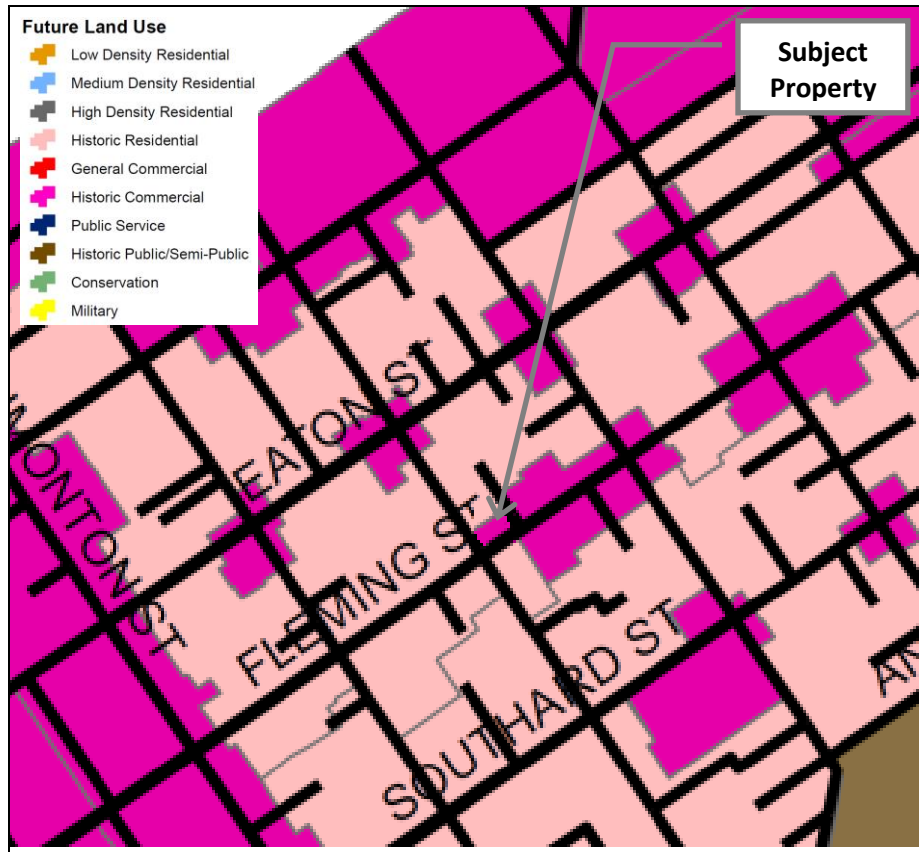

_____ Planning Director

public facilities; will have no impact on the built environment; will not negatively impact property values or the general welfare; will result in more orderly and compatible land use patterns; and is in the public interest.

NOW, THEREFORE BE IT RESOLVED by the Planning Board of the City of Key West, Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. That the Comprehensive Plan Future Land Use Map (FLUM) of the City of Key West, Florida is hereby recommended for amendment for property located at 801-807 Fleming Street (RE # 00005930-000000; AK # 1006157) from Historic Residential (HR) to Historic Commercial (HC), and will appear as follows:

Section 3. This resolution shall go into effect immediately upon its passage and adoption and authentication by the signatures of the presiding officer and the Clerk of the Board.

Read and passed on first reading at a regular meeting held this 21st day of May, 2015.

Authenticated by the Chair of the Planning Board and the Planning Director.

Richard Klitenick, Planning Board Chair

Key West, FL 33040

**RE: 801-807 Fleming St.
Future Land Use Map and Zoning Map Amendments**

Dear Mr. Bond:

Please accept this letter as an official request to initiate legislative procedures in accordance with the Land Development Regulations, Chapter 90, Article VI- Amendments.

Included herein are application materials to support the following requests:

1. Amend the Comprehensive Plan Future Land Use Map category for the above referenced property from Historic Residential to Historic Commercial.
2. Amend the Zoning Map category for the above referenced property from Historic Medium Density Residential to Historic Neighborhood Commercial-2.

The application materials address the relevant criteria for approving the amendment to the Comprehensive Plan Future Land Use map in accordance with Chapter 90, Article VI, Division 3 and for approving the amendment to the Official Zoning map in accordance with Chapter 90, Article VI, Division 2 of the City of Key West Land Development Regulations.

Thank you in advance for your consideration.

Best Regards,

A handwritten signature in cursive script, appearing to read 'Kevin Sullivan', is positioned above the typed name.

1 **Site Specific Comprehensive Plan**
 2 **Future Land Use Map Amendment**

3 Pursuant to Chapter 90, Article VI, Division 3
 4 City of Key West Land Development Regulations.

5
 6 801-807 Fleming Street.
 7 (RE No. 00005930-000000)

8
 9 **Project Description (Sec. 90-551):**

10
 11 Trepanier & Associates, Inc., on behalf of
 12 the property owner, 801 Fleming Street,
 13 LLC, seeks a site specific future land use
 14 map amendment for property known as
 15 801-807 Fleming Street. This property is
 16 currently zoned Historic Medium Density
 17 Residential (“HMDR”) and has a Future
 18 Land Use Map designation of Historic
 19 Residential (“HR”). One side of the property
 20 is adjacent to HMDR zoning & HR future
 21 land use; the other side is adjacent to
 22 Historic Neighborhood Commercial (“HNC”)
 23 zoning and Historic Commercial (“HC”)
 24 future land use district. There are currently
 25 two (2) existing “Snow Bird” dwelling units
 26 on site.

27
 28 The character of the surrounding
 29 community is residential with corner HNC-
 30 zoned commercial properties. The corners
 31 in the vicinity have historically and currently
 32 been comprised of mixed residential-
 33 commercial uses. The four corners of the
 34 William and Fleming Streets intersection
 35 specifically have historically all had
 36 commercial uses at various points in time¹.
 37 Over the years the building at 801 Fleming
 38 has been converted from residential to
 39 commercial and vice versa many times.
 40 The property has been mixed use as
 41 recently as the 1982².

42
 43 The property has historically operated as mixed use property (commercial and residential)
 44 dating as far back as 1912³. The cycle of use between residential and commercial continued
 45 into the “recessional” years of the ‘70’s & 80’s when it cycled into residential use. It just

¹ 1912, 1926, 1942 and 1962 Sanborn maps

² Polk City Directory 1981-82

³ 1912 Sanborn fire insurance map

1 happened to be residential at the time the first comprehensive plan was drafted and the property
2 was identified and captured by the plan as, the then use, residential. Many of the cross streets
3 along Fleming and Eaton Streets in this neighborhood are Historical Commercial. The
4 surrounding cross streets for Fleming and Eaton Streets in this neighborhood have all been
5 Historic Commercial in the past with a Historic Commercial FLUM.

6
7 **Application and Fee (Sec. 90-554):** \$6,000.00

8
9 **(1) Property Description:**

10 **Legal Description:** On the Island of Key West, known as all that Part of Lot Four
11 (4) Square Thirty-Four (34) according to diagram of William A.
12 Whitehead delineated in February, 1829, described as follows:
13 Commencing at the corner of William and Fleming Streets,
14 and runs thence in a Northeasterly direction on Fleming Street
15 95 feet; thence at right angles in a Northwesterly direction
16 parallel with William Street 44 feet; thence at right angles in a
17 Southwesterly direction 95 feet out to William Street; thence at
18 right angles in a Southeasterly direction along William Street
19 44 feet to the Point of Beginning⁴.

20
21 **Site Address:** 801-807 Fleming St. (NW corner of Fleming and William St.)

22
23 **Real Estate (RE):** 00005930-000000

24
25 **Alternate Key:** 1006157

26
27 **Total Land Area:** 4,180 sq. ft.

28
29 **Flood zone:** X-zone

30
31 **Historic Resources:** The property is located within the Historic Medium Residential
32 District and is listed as a contributing historic structure within
33 the Historic Resources Survey of the City of Key West.

34 **Encumbrances:** The owner and applicant are unaware of any variances,
35 easements, deed restrictions or other encumbrances on the
36 property.

37
38 **(2) Comprehensive Plan Land Use:**

- 39
40
 - Current: Historic Residential Future Land Use District ("HR")
 - Proposed: Historic Commercial Future land Use District ("HC")

41
42
43 **(3) Zoning District:**

24 Email Address: C/o kevin@owentrepanier.com
25

26 **(6) Justification**
27

28 **a. Comprehensive plan consistency.**
29

30 No increase in density is associated with the proposed change; residential density
31 of Historic Residential and Historic Commercial are both 16 units per acre. The
32 proposed change is consistent with Goal 1-1 as it represents an orderly extension
33 of the adjacent and existing node of Historic Commercial future land use to the
34 intersection of Williams and Fleming streets; more adequately ensuring
35 availability of a mixed use commercial node at this intersection, and furthering the
36 pedestrian-oriented goals of the community's Comprehensive Plan, the Strategic
37 Plan, and the Sustainability Plan. The proposed change will be consistent with the
38 historic use of the property; accommodating both residential and neighborhood
39 commercial uses along this major pedestrian and vehicular thoroughfare. The
40 proposed change is consistent with the Comprehensive Plan's policy of promoting
41 compact infill development.
42

43 The full Comprehensive Plan consistency analysis is presented under the criteria
44 for approval in Section 90-555(1) below.
45

46 **b. Impact on surrounding properties and infrastructure.**
47

48 The subject property is 4,180 square feet, if the application is approved this will
49 represent a 6% increase in area to the existing, adjacent Historic Commercial

⁵ Exhibit B

1 district (68,602 square feet). Compatibility with adjacent residential property to the
 2 North will be insured in accordance with design principles and criteria in
 3 Comprehensive Plan Policy 1-1.2.1, Policy 1-1.2.2 and Policy 1-1.9.5. No impact
 4 is anticipated on other adjacent properties as they are currently designated
 5 Historic Commercial.
 6

Surrounding Properties			
Adjacency	Existing Use	Future Land Use	Zoning
North	Residential	Historic Residential	HMDR
South	Public Right of Way	NA	NA
East	Residential	Historic Commercial	HNC-2
West	Public Right of Way	NA	NA

7
 8 Levels of Service – Based on the evaluation criteria of Sec. 90-555(5) the impacts
 9 of the proposed changes are generally summarized as follows:

- 10 • The proposed change is expected to increase demand on the surrounding
 11 transportation system (188 trips/1k sq. ft./day)..
- 12 • The proposed change is expected to increase demand for Potable Water
 13 (403 gallons/ day).
- 14 • The proposed change is expected to decrease Wastewater supply (63
 15 gal/capita/day).
- 16 • The proposed change is expected to increase Solid Waste supply (61.4
 17 lbs/capita/day).
- 18 • The proposed change is not expected to impact Stormwater LOS.
- 19 • The proposed change is not expected to impact Recreation LOS.

20
 21 As demonstrated in Section 90-555(5) (below) adequate public facilities are
 22 available to provide service to the development and the request is consistent with
 23 adopted infrastructure minimum levels of service standards.
 24

25 **c. Avoidance of special treatment.**

26
 27 **1. Single out a small piece of land and confer special and privileged
 28 treatment not provided to abutting properties with similar
 29 characteristics and land use relationships;**
 30

31 No special or privileged treatment will be conferred through approval of
 32 the request. If the request is granted, the property’s mixed use nature will
 33 be restored and it will share the same obligations and privileges as other
 34 Historic Commercial/ HNC-2 properties abutting it and as found
 35 elsewhere in the City of Key West.
 36

37 **2. Provide for land use activities which are not in the overall public
 38 interest but only for the benefit of the landowner;**
 39

40 As mentioned above, no singling out will be conferred through approval of
 41 the request. The change will act to recognize the historic mixed-use
 42 nature of the property, and further the pedestrian-oriented goals of the
 43 City of Key West. The request does not confer any land use activities not
 44 already provided to the Historic Commercial future land use district as

1 adopted in the Comprehensive Plan. Detailed analysis is provided in
2 criteria for approval, Section 90-555, below.

- 3
4 **d. Undeveloped land with similar comprehensive plan future land use map**
5 **designation. The amount of undeveloped land in the general area and in the**
6 **city having the same zoning classification as that requested shall be stated.**
7

8 Of the 130 parcels located within 300 feet⁶ two (2) are undeveloped⁷.
9

FLUM	RE. No.	Zoning	Size (sq.ft.)
HR	00008760-000000	HMDR	6,691
HC	00005970-000000	HNC-2	3,317

10
11 **Criteria for Approval (Section 90-555)**
12

- 13 **(1) Consistency with plan. Whether the proposal is consistent with the overall**
14 **purpose of the comprehensive plan and relevant policies within the**
15 **comprehensive plan, including the adopted infrastructure minimum levels of**
16 **service standards and the concurrency management program**
17

18 **a. Consistency with Comprehensive Plan.**
19

20 Policy 1-1.1.9: Allowed Uses in Historic Neighborhood Commercial:

- 21 • Approval of the request will be more consistent with the historic use of the
22 property; accommodating both residential and neighborhood commercial
23 uses along this major thoroughfare.

24
25 Policy 1-1.3.2: Designate Various Types of Mixed Use Commercial Nodes to
26 Accommodate Diverse Commercial Uses.

- 27 • Approval of the request will more adequately ensure availability of a
28 mixed use commercial node at the intersection of Fleming St. and William
29 St.

30
31 Policy 2-1.1.3: Dense Urban Land Area.

- 32 • The City of Key West is a substantially developed dense urban land area
33 and is thereby exempted from transportation concurrency requirements
34 for roadways. The City recognizes that its development characteristics
35 make substantive expansion of capacity of the roadway system
36 prohibitive. The City will therefore prioritize improving the safety and
37 function of existing roads and multi-modal transportation improvements
38 (i.e. transit, air, boat, bicycles, pedestrianism, mixed-use development) as
39 its primary strategies for addressing current and projected transportation
40 needs.

41
42 **b. Consistency with adopted infrastructure minimum levels of service standards**
43

44 Levels of Service – Based on the evaluation criteria of Sec. 90-555(5) the impacts
45 of the proposed changes are generally summarized as follows:

⁶ 300 ft radius report-MCPA

⁷ Categorized as 'vacant' by Monroe County Property Appraiser

- The proposed change is expected to increase demand on the surrounding transportation system (188 trips/1k sq. ft./day)..
- The proposed change is expected to increase demand for Potable Water (403 gallons/ day).
- The proposed change is expected to decrease Wastewater supply (63 gal/capita/day).
- The proposed change is expected to increase Solid Waste supply (61.4 lbs/capita/day).
- The proposed change is not expected to impact Stormwater LOS.
- The proposed change is not expected to impact Recreation LOS.

As demonstrated in Section 90-555(5) (below) adequate public facilities are available to provide service to the development and the request is consistent with adopted infrastructure minimum levels of service standards.

c. Concurrency management program.

The request is consistent with the concurrency management program of Objective 9-1.5. Specific concurrency applications in accordance with Section 94-32 may be required for specific future development plans. No Plans are proposed as part of this application. At this time, no system improvements are anticipated as a result of the proposed change as evidenced in the findings of Section 90-555(5), below.

(2) Conformance with ordinances. Whether the proposal is in conformance with all applicable requirements of the Code of Ordinances.

The proposal is in conformance with the procedures for amending the Comprehensive Plan as demonstrated herein. The proposal is in conformance with the procedures for amending the Land Development Regulations as demonstrated in the accompanying Zoning map amendment application.

(3) Changed conditions. Whether, and the extent to which, land use and development conditions have changed since the comprehensive plan's effective date and whether such conditions support or work against the proposed change.

The effective date of the Land Development Regulations is July 3, 1997. The Comprehensive Plan was adopted on March 5, 2013. Both the comp plan and the LDRs are "Living Documents" that are, by their very nature, designed to evolve and change with the community's goals.

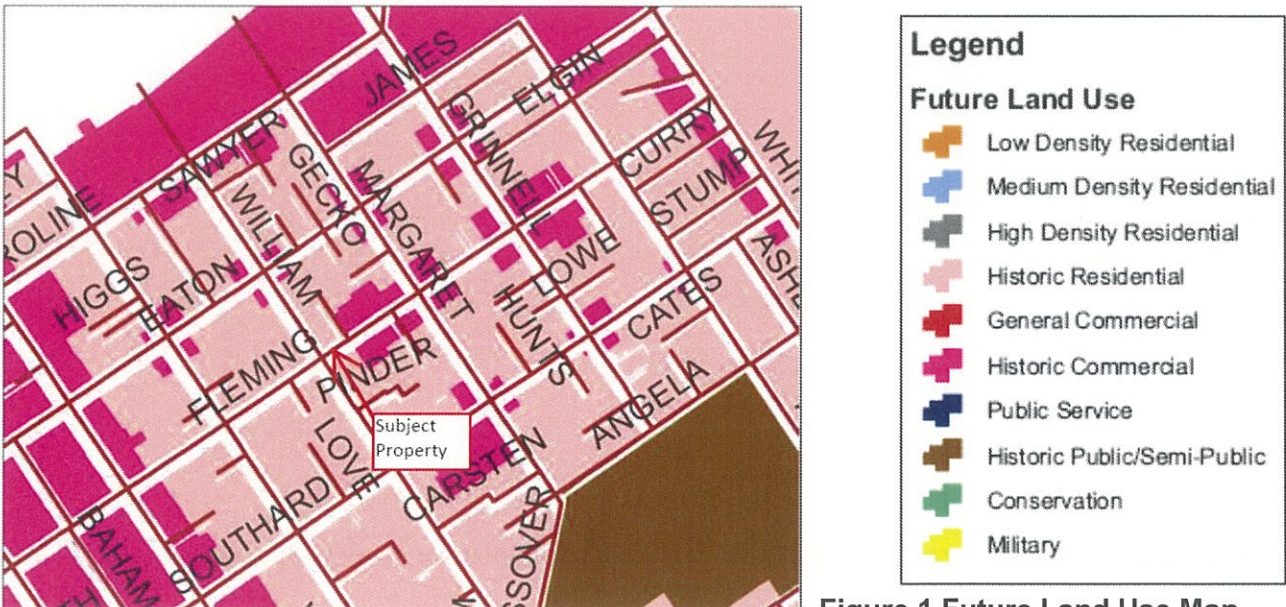

In this case, the community has experienced wild fluctuations in the economy and a concerted shift back to more historical and sustainable sidewalk- & pedestrian-oriented development. The subject site has historically been a sidewalk-oriented mixed-use property. The property owner seeks to restore the historic nature and further the community's related goals.

1 (4) **Land use compatibility. Whether, and the extent to which, the proposal would**
2 **result in any incompatible land uses, considering the type and location of uses**
3 **involved.**
4

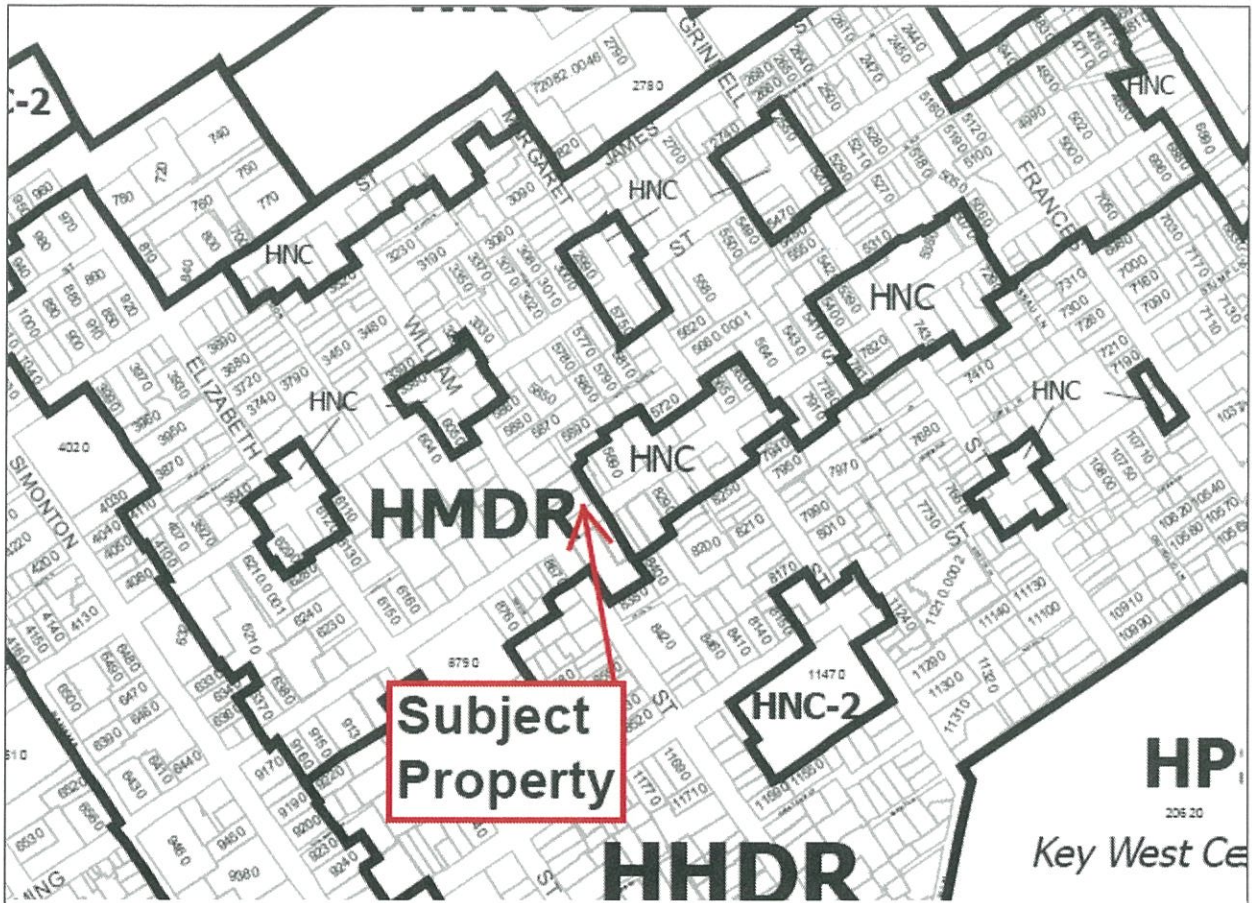

5 The proposed map amendment would serve to extend the adjacent Historic
6 Commercial District to the intersection of Williams and Fleming St. The proposed
7 map amendment would serve to extend the adjacent Historic Commercial District
8 to the intersection of William and Fleming and restore the historic mixed-use
9 nature of the property for neighborhood-oriented commercial uses. Within this
10 district, similar historic neighborhood commercial corners exist throughout the
11 immediate vicinity and compatibility is demonstrated by the success of this “New
12 Urbanist” approach to community development.
13

14 The entire of the New Urbanist - Andrés Duany type pedestrian-oriented
15 community development patterns are heavily modeled after the autochthonous
16 Old Town Key West development. The proposed change is not a creation of
17 something new to be tested for compatibility, but it is recognition of the
18 successful historic development pattern that is now the model for superior
19 community development world-wide.
20

21 The request restores the historic potential for neighborhood commercial uses on
22 the property. Similar circumstances exist throughout the immediate vicinity and
23 compatibility is normally addressed in accordance with Comprehensive Plan
24 Policy 1-1.2.1, Policy 1-1.2.2 and Policy 1-1.9.5. Therefore, the proposal will not
25 result in any incompatible land uses because existing instances of Historic
26 Commercial abutting Historic Residential can be found throughout the City and
27 existing design regulations in the Land Development Regulations specifically
28 address compatibility via the implementing language in the Comprehensive Plan.
29

Comprehensive Plan- Future Land Use Comparison	
Existing	Proposed
Historic Residential	Historic Commercial
Maximum Density 16 dwelling units per acre	Maximum Density 16 dwelling units per acre
Maximum F.A.R. 0.0	Maximum F.A.R. 0.9
Allowable uses in areas designated Historic Residential are single family, duplex and multi-family residential that preserve the historic character and quality of the Historic Preservation District central residential community. Accessory uses, including approved home occupations and customary community facilities are also allowed. Transient uses are not permitted	Areas zoned Historic Neighborhood Commercial within the Historic Commercial Future Land Use District are intended to accommodate both residential and neighborhood commercial uses typically located along major thoroughfares which lead into or are adjacent to the central core commercial area of the City of Key West. Residential activities within this designated area include single family and duplex structures and multiple-family structures. Commercial uses generally permitted in the area include: <ol style="list-style-type: none"> 1. Professional Offices 2. Restaurants 3. Banking and financial institutions 4. Personal and Service shops 5. Specialty shops 6. Retail sales and service, excluding automotive sales

and services as well as drive-in or drive-through restaurants, theaters or other drive-in facilities which potentially generate similar traffic flow problems

- 7. Transient living accommodations
- 8.

The HNC zoned areas may also accommodate community facilities.

Within HNC areas redevelopment or conversion of permanent housing structures to transient residential (excepting HNC-2 areas which do not allow transient uses), office, or other allowable commercial uses shall be permitted only if no on-site reduction in housing units for permanent residents occurs. The allowable maximum residential density shall be sixteen (16) units per acre. The maximum intensity for nonresidential activities shall not exceed a floor area ratio of 1.0 as stratified above (.8, .9, or 1.0) considering floor area allocated to all such uses. Performance standards shall be included in the Land Development Regulations which restrict the allowable neighborhood commercial uses to very limited square footage in order to maintain land use compatibility with residential uses in the vicinity. In addition, the performance standards shall incorporate other qualitative and quantitative standards which protect residential properties.

1
2

Land Use Compatibility Analysis	HR / HMDR	HC / HNC-2
Permitted Uses		
Single-family and two-family residential dwellings.	X	X
Multiple-family residential dwellings.	X	X
Group homes with less than or equal to six residents (section 122-1246).	X	X
Places of worship.		X
Business and professional offices.		X
Commercial retail low intensity less than or equal to 2,500 square feet.		X
Medical services.		X
Parking lots and facilities.		X
Veterinary medical services, without outside kennels.		X
Parks and recreation, active and passive on the Truman Waterfront parcel, only		X
Conditional Uses		
Group homes with seven to 14 residents (section 122-1246).	X	X
Cultural and civic activities.	X	X
Educational institutions and day care.	X	X
Nursing homes/rest homes and convalescent homes.	X	X
Parks and recreation active and passive.	X	X
Places of worship.	X	
Protective services.	X	X
Public and private utilities.	X	X
Parking lots and facilities.	X	
Commercial retail low intensity 2,500 to 5,000 square feet.		X
Restaurants, excluding drive-through.		X

3

1
2 **(5) Adequate public facilities. Whether, and the extent to which, the proposal would**
3 **result in demands on public facilities and services, exceeding the capacity of such**
4 **facilities and services, existing or programmed, including**
5

6 • **Policy 2-1.1.1- Transportation**
7

8 The maximum predicted potential trip generation of the current land use is less
9 than the maximum predicted potential trip generation from the proposed land
10 use. Transportation impacts are expected to rise with an increase in potential for
11 neighborhood commercial activity. It is expected that the impact will be offset by
12 non-vehicular means of transportation based largely in part to the location of the
13 property in the Historic downtown.

- 14 ○ The LOS analysis concludes that overall trip generation from the site will
15 be expected to increase as part of the proposal; however, it should not
16 result in a substandard LOS for any affected City roads.
17

Designation	Residential		Commercial		Total
	Rate	Trips	Rate	Trips	
HR	10 trips/unit	10 trips/unit x 2 units = 20 trips	N/A	0.0	20 Trips
HC	10 trips/unit	10 trips/unit x 2 units = 20 trips	50 trips/1k sq.ft./day	50 trips/1k sq. ft./day x 3,762 sq.ft. = 188 trips	208 trips

18

Policy 2-1.1.1	
Roadway Facilities	Min LOS Standard Peak Hour
City Urban Collectors	D

19
20 • **Policy 4-1.1.2.C – Water**
21

22 Summary Response: The Potable Water Level of Service is identical for the
23 current and the proposed land use category; therefore, it is not expected that the
24 proposal will result in excess capacity on this public facility.
25

Designation	Residential		Commercial		Total
	LOS	Capacity ⁸	Rate	Capacity	
HR	100 gal/capita/day	4.03 capita x 100 gal = 403 gal	N/A	0.0	403 gal
HC	100 gal/capita/day	4.03 capita x 100 gal = 403 gal	100 gal/capita/day	4.03 capita x 100 gal = 403 gal	403 gal

26
27

⁸ For the purposes of LOS, "capita" was calculated as *maximum density x persons / household* using the 2009-2013 US Census Data - 2.63 persons per household

1 • **Policy 4-1.1.2.A- Sanitary Sewage**

2 Summary Response: The expected impact of the current land use is greater than
 3 the expected impact from the proposed land use; therefore, it is not expected that
 4 the proposal will result in excess capacity on this public facility.
 5

Designation	Residential		Commercial		Total
	LOS	Capacity ⁹	Rate	Capacity	
HR	100 gal/capita/day	4.03 capita x 100 gal = 403 gal	N/A	0.0	403 gal
HC	100 gal/capita/day	4.03 capita x 100 gal = 403 gal	660 gal/acre/day	0.095 acres x 660 gal = 63 gal	466 gal

6
7 • **Policy 4-1.1.2.D- Solid Waste**

8 Summary Response: The expected impact of the current land use is less than
 9 the expected impact from the proposed land use. The LOS analysis concludes
 10 that overall solid waste disposal will be expected to increase as part of the
 11 proposal; however, it should not result in a substandard LOS.
 12

Designation	Residential		Commercial		Total
	LOS	Capacity ¹⁰	Rate	Capacity	
HR	2.66 lbs/capita/day	4.03 capita x 2.66 lbs = 10.7 lbs	N/A	0.0	10.7 lbs
HC	2.66 lbs/capita/day	4.03 capita x 2.66 lbs = 10.7 lbs	6.37 lbs/capita/day	9.64 ¹¹ x 6.37 lbs=61.4lbs	72.1 lbs

- 13
14
15 ○ Policy 4-1.1.2.D- Recyclable Waste Generation Level of Service has
 16 changed with the adoption of the new Comprehensive Plan.
 17

Designation	Residential		Commercial		Total
	LOS	Capacity ¹²	Rate	Capacity ¹³	
HR	0.05 lbs/capita/day	4.03 capita x 0.5 lbs = 2.01 lbs	F.A.R.-N/A	0.0	2.01 lbs
HC	0.05 lbs/capita/day	4.03 capita x 0.5 lbs = 2.01 lbs	0.25 lbs/capita/day	8.06 x 0.25 lbs=2.01lbs	4.02 lbs

18
19 • **Policy 4-1.1.2. E- Drainage**

20
21 Summary Response: Stormwater concurrency will be insured as part of any
 22 future development order in accordance with Chapter 94.
 23

24 Policy 4-1.1.2. E- Drainage Facilities Level of Service has not changed with the
 25 adoption of the new Comprehensive Plan.

⁹ For the purposes of LOS, "capita" was calculated as *maximum density x persons / household* using the 2009-2013 US Census Data - 2.63 persons per household

¹⁰ For the purposes of LOS, "capita" was calculated as *maximum density x persons / household* using the 2009-2013 US Census Data - 2.63 persons per household

¹¹ Adopted LOS 6.37/Adopted LOS 2.66= 2.39 multiplier; 4.03*2.39=9.64

¹² For the purposes of LOS, "capita" was calculated as *maximum density x persons / household* using the 2009-2013 US Census Data - 2.63 persons per household

¹³ Adopted LOS 0.5/Adopted LOS 0.25= 2.00 multiplier; 4.03*2.00=8.06

- 1 o The Drainage level of service standard below will be applicable to all
2 types of development. Where two or more standards impact a specific
3 development, the most restrictive standard shall apply:
4 1. Post development runoff shall not exceed the pre-
5 development runoff rate for a 25-year storm event, up to
6 and including an event with a 24 hour duration.
7 2. Stormwater treatment and disposal facilities shall be
8 designed to meet the design and performance standards
9 established in Chapter 62-25 Section 25.025, Florida
10 Administrative Code, with treatment of the runoff from the
11 first one inch of rainfall on-site to meet the water quality
12 standards required by Chapter 62-302, Florida
13 Administrative Code. Stormwater facilities which directly
14 discharge into "Outstanding Florida Waters" (OFW) shall
15 provide an additional treatment pursuant to Section 62-
16 25.025 (9), Florida Administrative Code.
17 3. Stormwater facilities must be designed so as to not
18 degrade the receiving water body below the minimum
19 conditions necessary to assure the suitability of water for
20 the designated use of its classification as established in
21 Chapter 62-302 Florida Administrative Code.
22

23 • **Recreation**

24 Policy 7-1.1.9- The proposed change is not expected to have any adverse effect
25 on availability of recreation services.
26

27 • **Education**

28 No level of service currently exists in Comprehensive Plan but the proposed
29 change is not expected to have an adverse effect on availability education
30 services.
31

32 • **Emergency services**

33 No level of service currently exists in Comprehensive Plan for emergency
34 services but the proposed change is not expected to have an adverse on
35 availability emergency services.
36

37 • **Similar necessary facilities and services-**

38 No level of service currently exists in Comprehensive Plan for similar or
39 necessary facilities but the proposed change is not expected to have an adverse
40 effect on availability of such services.
41

42 • **Approval of a plan amendment does not constitute a concurrency
43 determination, and the applicant will be required to a concurrency
44 determination pursuant to chapter 94.**

45 Applicant understands and concurs with this criterion. Concurrency determination
46 will be made at the time specific development order(s) are proposed
47
48

1 **(6) *Natural environment.* Whether, and to the extent to which, the proposal would**
2 **result in adverse impacts on the natural environment, including consideration of**
3 **wetlands protection, preservation of groundwater aquifer, wildlife habitats, and**
4 **vegetative communities.**

5
6 The site is currently developed in the urban downtown. No wetlands, aquifer
7 recharge area, protected habitats or sensitive vegetative communities exist on
8 site. No quantifiable impacts can be directly correlated or associated with the
9 proposed change; therefore, no foreseeable adverse impacts are expected.

10
11 **(7) *Economic effects.* Whether, and the extent to which, the proposal would adversely**
12 **affect the property values in the area or the general welfare.**

13
14 Assuming mixed-use properties have a higher median sales value than
15 residential properties in the general area, no foreseeable adverse impacts on
16 property values would be expected as part of this request. Increased potential for
17 mixed use development associated with the request would result in increased
18 appraisal values for the property; this should not adversely affect surrounding
19 property values. Typically, properties with higher value yield more in tax revenue.
20 In addition, the applicant is coordinating with the Monroe County Property
21 Appraiser on this matter.

22
23 **(8) *Orderly development.* Whether the proposal would result in an orderly and**
24 **compatible land use pattern. Any negative effects on such pattern shall be**
25 **identified.**

26
27 The proposed map amendment would serve to extend the adjacent Historic
28 Commercial District in an orderly and logical manner to the intersection of
29 Williams and Fleming St. Current patterns of Historic Commercial land use along
30 Fleming St. are consistent with the request: Other Historic Commercial areas are
31 currently centered round the intersections of Margaret and Grinnell St. Similar
32 patterns of Historic Commercial District 'mixed-use hubs' can be seen along
33 Eaton St. at the intersections of Elizabeth, William, Margaret and Grinnell streets.
34 The current and proposed land use pattern is therefore substantially similar and
35 spatially consistent in pattern and scope and is compatible with current (and
36 historical) surrounding patterns of urban land use. No new negative effects are
37 expected.

38
39 **(9) *Public interest; enabling act.* Whether the proposal would be in conflict with the**
40 **public interest, and whether it is in harmony with the purpose and interest of this**
41 **subpart B and its enabling legislation.**

42
43 The proposal is not in conflict with the public interest and is in harmony with the
44 purpose and intent of the Land Development Regulations and the
45 Comprehensive Plan as demonstrated in the above findings of the criteria for
46 approval. Moreover, the request is hypothesized to provide increased opportunity
47 for the Historic downtown: restoring the historic use of this property while
48 providing for mixed –use development opportunities in the form of neighborhood
49 commercial and compact infill as promoted by the current Comprehensive Plan.
50

Warranty Deed

This Indenture, Made this 26th day of October, 2011 A.D., Between Justine Trubey, a married woman

of the County of Kings, State of New York, grantor, and 801 Fleming Street, LLC, a Florida limited liability company

whose address is: 520 Southard Street, Key West, FL 33040

of the County of Monroe, State of Florida, grantee.

Witnesseth that the GRANTOR, for and in consideration of the sum of TEN DOLLARS (\$10) DOLLARS, and other good and valuable consideration to GRANTOR in hand paid by GRANTEE, the receipt whereof is hereby acknowledged, has granted, bargained and sold to the said GRANTEE and GRANTEE'S heirs, successors and assigns forever, the following described land, situate, lying and being in the County of MONROE State of Florida to wit:

On the Island of Key West, known as all that Part of Lot 4, in Square 34, according to diagram of William A. Whitehead delineated in February, 1829, described as follows:

Commencing at the corner of William and Fleming Streets, and runs thence in a Northeasterly direction on Fleming Street 95 feet; thence at right angles in a Northwesterly direction parallel with William Street 44 feet; thence at right angles in a Southwesterly direction 95 feet out to William Street; thence at right angles in a Southeasterly direction along William Street 44 feet to the place of beginning.

and the grantor does hereby fully warrant the title to said land, and will defend the same against lawful claims of all persons whomsoever.

In Witness Whereof, the grantor has hereunto set her hand and seal the day and year first above written.

Public Notice

Public Meeting Notice

The Key West Planning Board will hold a public hearing **at 6:00 PM on May 21, 2015 at Old City Hall, 510 Greene Street**, Key West, Florida, (behind Sloppy Joe's Bar). The purpose of the hearing will be to consider a request for:

Future Land Use Map (FLUM) Amendment – 801-807 Fleming Street (RE # 00005930-000000; AK # 1006157) – A request to amend the comprehensive plan future land use map (FLUM) category from Historic Residential (HR) to Historic Commercial (HC) on property located at 801-807 Fleming Street pursuant to Chapter 90, Article VI, Division 3 of the Land Development Regulations of the Code of Ordinances of the City of Key West, Florida.

The public may examine the application during regular office hours, Monday through Friday between 8:00 AM and 5:00 PM, at the City of Key West Planning Department, located in Habana Plaza at 3140 Flagler Avenue. The application may also be examined online at www.cityofkeywest-fl.gov. Written responses must be submitted before the hearing to the contact person below.

Contact: Kevin Bond, Senior Planner; E-mail: kbond@cityofkeywest-fl.gov; Phone: 305-809-3725; Fax 305-809-3978;
Mail: PO Box 1409, Key West FL 33041-1409

THIS NOTICE CANNOT BE REMOVED FROM THE SITE UNTIL AFTER PLANNING BOARD DETERMINATION.

YOU ARE A PROPERTY OWNER WITHIN 300 FEET OF THE SUBJECT PROPERTY

The City of Key West Planning Board will hold a Public Hearing to consider the following request:

Future Land Use Map (FLUM) Amendment – A request to amend the comprehensive plan future land use map (FLUM) category from Historic Residential (HR) to Historic Commercial (HC) on property located at 801-807 Fleming Street pursuant to Chapter 90, Article VI, Division 3 of the Land Development Regulations of the Code of Ordinances of the City of Key West, Florida.

Applicant: Trepanier and Associates, Inc. **Owner:** 801 Fleming Street, LLC

Location: 801-807 Fleming Street (RE # 00005930-000000; AK # 1006157)

Date of Hearing: May 21, 2015 **Time of Hearing:** 6:00 PM

Location of Hearing: Old City Hall, 510 Greene Street, City Commission Chambers

Interested parties may appear at the public hearing and be heard with respect to the application. Packets can be viewed online, the Friday before the meeting at www.cityofkeywest-fl.gov. Click on City Board & Committee Agendas. A copy of the corresponding application is available from the City of Key West Planning Department located at 3140 Flagler Avenue, Key West, Florida, Monday through Friday between the hours of 8:00 am and 5:00 pm.

Please provide written comments to: Kevin Bond, Senior Planner; **E-mail:** kbond@cityofkeywest-fl.gov; Phone: 305-809-3725; Fax 305-809-3978; Mail: PO Box 1409, Key West FL 33041-1409

Pursuant to Section 286.0105, Florida Statutes, if a person decides to appeal any decision made by the Planning Commission or the City Commission with respect to any matter considered at such hearing or meeting, one will need a record of the proceedings and for such purpose that person may need to ensure that a verbatim record of the proceedings is made; such record includes the testimony and evidence upon which the appeal is to be based.

ADA Assistance: It is the policy of the City of Key West to comply with all requirements of the Americans with Disabilities Act (ADA). Please call the TTY number at 305-809-1000 or the ADA Coordinator at 305-809-3731 at least five business days in advance for sign language interpreters, assistive listening devices, or materials in accessible format.
