Subject: variace, sign, luani Plaza

Planning board meeting, Variance, sign, Luani Plaza

As a tax paying citizen, would support a denial of a variance of the city code and regulations.

Hard to imagine any benefit to the citizens of Key West for a sign not in compliance with enacted city regulations.

If a variance is granted, will it follow that Sears Town, Havana Plaza, K-Mart will all follow suit and the planning

board will then be obliged to grant larger self serving signage?

Thank you, No
