

EMAIL FROM MARK FINIGAN DATED AUGUST 26, 2011

Michael Miller, Architect of Record for the American Legion/VFW TIF project, has formally notified the Legion that he has terminated his design services in accordance with the terms of their AIA contract. Michael indicates he attempted on several occasions to "work out" some of the design changes requested by the new leadership, however those attempts unfortunately were not productive.

Please call if you have any questions. At our last meeting I believe it was the desire of the BVRAC that the two parties meet in attempt to "restart" the project. I wanted to let you know of such results.

Mark Finigan
