

MEMORANDUM

Date: August 8, 2024

To: Honorable Mayor and Commissioners

Via: Todd Stoughton
Interim City Manager

From: Rodrigo Delostrinos
Director of Transportation

Subject: 24-6116 Approving Disposal of Obsolete City Owned Transit Buses

Introduction

Approve and authorize the City Manager to dispose two (2) obsolete City owned transit buses whose original acquisition price exceeded \$50,000, pursuant to the Code of ordinance, Section 2-771 (3) c.: ... *disposal of surplus and obsolete personal property.*

Background

The following city owned buses have exceeded the anticipated equipment life of expectancy of twelve (12) years and 500,000 miles:

FDOT #	BUS #	YEAR/MAKE/MODEL	VIN#	TITLE #
186024	813	2003 Gillig	15GGE181331090688	88725963
186024	814	2003 Gillig	15GGE181531090689	88726302

FDOT has granted release of lien and directed the City of Key West to “utilize as you wish”. Since these vehicles require extensive repair to fully restore them in a state of good repair, staff recommend disposal as salvage only.

Procurement

Removal of these vehicles from the bus fleet will result in a positive budget impact to the city by reducing the maintenance repair cost.

Recommendation

The City Manager’s office recommends approval of the disposal of the obsolete city owned buses 813 and 814.
