Hi Keri,

We would like to remove the 715 and 811 Seminole zoning requests from the May 9 meeting. I see the agenda is not on legistar yet so procedurally I am not sure if we can have that removed from the agenda all together or if we need to request postponement and have that voted on with approval of the agenda on May 9.

We would request postponement to date certain November 14 meeting (I think that is the meeting date in November). We have engaged in several community member meetings and working with members of the public which is the reason for the request.

Let me know if you need anything additional from us.

Thanks! Greg
