Original Narrative By HOLMES, RUSSELL, 04/24/25 20:41

-- Arthur George Engle Arrest Narrative:

On Thursday, April 24, 2025, at approximately 2000 hours I, Ofc. R. Holmes was on a routine patrol operating a marked patrol vehicle. While traveling westbound on North Roosevelt Boulevard, I received a "Be on The Lookout" (BOLO) alert from Key West Police Department Communications channel one. The Bolo stated that a white van with Pennsylvania tags was driving erratically. They further stated the vehicle was observed swerving and over correcting and traveling at a very low rate of speed for the traffic flow. I observed a white van pass me in the eastbound lane of North Roosevelt traveling at a slow rate of speed. I turned around and approached the vehicle, which at this point had increased its speed. I followed the vehicle onto 7Th street and observed the vehicle swerve and again travel at a slow rate of speed. The vehicle then made a right turn onto Harris Avenue without using its turn signal.

I activated my vehicles overhead emergency lights and siren, which also activated my body worn and the vehicle mounted cameras. The vehicle pulled over a short distance later on Harris Avenue just east of 8th street, then continued traveling approximately block further before stopping.

I approached the vehicle and identified myself as an officer to the male driver and advised him the reason for the stop. The male driver refused to identify himself. I asked the driver to provide me with his driver license, registration and proof of insurance. The driver stated he would not give me that. I again stated that I needed his license, registration, and insurance. The male stated that if I was going to give him a ticket then I should just give him a ticket. I stated for a third time that he provides me with the documents I require. He stated he wanted to speak to a supervisor. At this point I asked a supervisor to respond to my location at the request of the driver. I told the driver that this will now be the fourth time I am requesting his identification, and he stated he would not. Ofc. Davis opened the door of the vehicle and informed the driver that now he was going to be detained. We removed the driver from the vehicle and placed his hands behind his back and placed handcuffs, which were checked for fit and double locked on his wrists.

The driver was placed in the rear of my patrol car, and I activated my Axon rear facing camera. I informed the driver that now he was being detained pending my investigation. I informed him that he was obstructing my investigation by not providing his name and identification. He continued to be argumentative. I again asked for his identification had he stated it was in his back pocket. He was removed from the vehicle and the driver's license was removed from his wallet. The male was then identified at Arthur Engle.

Lieutenant Stockton, Sergeant Del Valle and Sergeant Stutz arrived on the scene a few moments later.

During the contact to that point, I noticed the male's eyes to be watery, glassy, and bloodshot, his speech was slow . His pupils were found to be constricted and appeared very nervous. Due to the suspicious behavior of the driver and indicators of drug and alcohol use observed, I believed the male to be driving while impaired.

At that time, based on the indicators of impairment present I had probable cause to arrest Engle for the crime of DUI.

I asked Engle if he would participate in field sobriety exercises to dispel my suspicion that he had been operating a motor vehicle while under the influence of alcohol and he indicated that he would not be able to participate in the exercises as he had physical ailments that would prevent him. I advised him of his rights per Miranda at that time and he indicated he understood and waived his rights "Depending on the questions"

I transported Engle to MCDC for a DUI intake. Ofc. Lopez arrived to perform the Breath test as he is a certified BTO as well as a certified Drug Recognition Expert. See Ofc. Lopez's report for greater detail.

Ater further evaluation I determined Engle was not under the influence while driving and there fore did not charge him with DUI

Arthur Engle was lodged at the MCSO jail on the charge of F.S.S. 843.02 Resisting an officer without violence due to the fact that Engle repeatedly refused to provide his identification and motor vehicle documents while i was in the lawful execution of my duties.

Engle was issued citations for No Proof of Insurance and Careless Driving.

=====

Supplemental Narrative By MAYORGA LOPEZ, JORGE, 04/25/25 01:21

Supplement

On April 24, 2025, I, Ofc. J. Lopez responded to the intersection of 8th Street and Harris Avenue to assist with a traffic stop Ofc. Holmes had conducted. I met with Sgt. M. del Valle briefly and then I left the scene shortly after, (My body worn camera was activated 3722).

I then responded to the report writing room located at the Monroe County Detention Center to assist Ofc. Holmes. I made contact with a male identified with his Florida driver's license as Arthur Engle, (dob:10/26/1964). I read Engle his implied consent warning and he said he understood his implied consent.

I then began the twenty (20) minute observation period at 2137 hours. During the required 20-minute observation, Engle did not take anything orally, did not regurgitate or touch his mouth. I requested Engle to consent to a lawful test of his breath. He did consent. It should be noted, I am a certified breath test operator in the State of Florida and do possess a valid, in date, permit to administer such test. The instrument used is the Intoxilyzer 8000 S/N 80-007167.

At approximately 2216 hours Engle provided a breath sample of .000 g/210L.

At approximately 2220 hours Engle provided a breath sample of .000 g/210L.

Engle was later explained the test results.

During the 20-minute observation I asked Ofc. Holmes if he had read Engle his Miranda Rights and he said he did. Ofc. Holmes told me that Engle agreed to speak with him. However, Engle would provide answers depending on the question he was going to be asked. I told Engle I had a DUI packet which listed several questions I needed to ask. I asked Engle if he was willing to listen each question with no obligation to answer if he wished. Engle agreed to answer each question listed on page 10 and page 11 from the DUI packet. I wrote down each answer he provided on the above-mentioned pages.

While I was going over the questions in the DUI packet, Engle mentioned several surgeries and procedures he had received in the past which affected his mobility function abilities. Engle told me he had seven procedures on his right knee and the last procedure he had to get a knee replacement in 2016.

Engle mentioned he had two procedures on his left heel, and his last procedure he had to get part of his bone removed on his right heel back in 2005-2006.

Engle expressed his concerns as to why he had declined to participate to Standardized Field Sobriety Exercises when he was asked.

I informed Engle that I am certified as a Drug Recognition Expert, (DRE) and first I informed him of some of the divided attention tests that would require him to walk on a line and so for. I then asked Engle if he was willing to participate on an evaluation and he said he was unable to do it due to the surgeries he received in the past. I told Engle that I wanted to make sure he was informed of the involvement on the evaluation first before he had to make a decision. I informed Engle that in order for me to perform an evaluation as a DRE, I have to follow required steps to be able to provide my opinion as an expert. Due to the fact Engle was not capable of performing the mobility tests and not following required steps in DRE program I was unable to conduct an evaluation.

I filled out page 8,9,10 and 11 from the DUI packet and later provided it to Ofc. Holmes.

My interaction with Engle was recorded with my body worn camera, 3722 and uploaded to the Axon Evidence Server.
