

**TREE COMMISSION TREE REMOVAL REPORT
CITY of KEY WEST**

PROPERTY: 327/329 William St.

APPLICATION NUMBER: T2026-0012

REQUEST: The applicant is requesting removal of the Spanish Lime Tree.

TREE ASSESSMENT and PHOTOS

Diameter: 31”

Location: 40%

Species: 100%

Condition: 60%

Value: 66.6%

Recommended Mitigation: 20 Caliper Inches

NOTES: This tree is located 5’ from a dwelling. The tree has multiple health concerns. The stunting of new growth leaves. The tree was inspected by Urban Forestry several months ago and fruits were noted to be black and shriveled still attached to the tree. This indicates that the tree is stressed. It is not clear whether it is a nutrient imbalance or infestation. From an Urban Forestry perspective it is less than ideal to have a tree of this size class and this condition growing so close to multiple dwellings. The stem has a codominant arrangement with included bark. This compromises the strength at the base of the tree.
