

Historic Architectural Review Commission Staff Report for Item 11

To: Chairman Haven Burkee and Historic Architectural Review
Commission Members

From: Enid Torregrosa-Silva, MSHP
Historic Preservation Planner

Meeting Date: November 29, 2022

Applicant: Robert Hulec, Engineer

Application Number: H2022-0046

Address: 1208 Virginia Street

Description of Work:

Demolition of rear addition and removal of rear and side decks.

Site Facts:

The house under review is a contributing resource to the historic district. The one and a half-story structure was built before 1912, as it is depicted in the 1912 Sanborn Map. Staff was unable to find the construction date as Sanborn maps from the 1800's do not extend to the east side of White Street. The Property Appraiser's records have the construction date of 1928. Originally the house used to have a "L" shape porch that between 1962 and 1965 was enclosed on its front elevation. At some point in time the front elevation was altered by a new addition, which is what we see today. The rear of the house was also altered with a one-story structure the full width of the house. The current rear addition is a sawtooth structure smaller in footprint than the one depicted in the 1968 aerial photograph. Portions of the house has 5 v-crimp, although most of the roof is finished with metal shingles. The city recognizes two units in the lot.

The front curb wall encroaches city's right-of-way. If the owner does not obtain an easement from the city this should be removed.

1968 aerial photograph.

1998 aerial photograph.

1962 Sanborn map overimposed to current survey.

Proposed demolition highlighted in red.

Ordinance Cited on Review:

- Section 102-217 (2), demolition for non-contributing or non-historic structures of the Land Development Regulations.

Staff Analysis:

The Certificate of Appropriateness proposes the demolition of a non-historic rear addition. The application also includes the demolition of decks located at the rear and west side of the house. It is staff's opinion that the proposed demolitions will be done on non-historic and non-contributing structures and the submitted design includes a new addition for the back of the house.

Since the structures under review are non-historic, the evaluation shall be based on section 102-217 (b) of the Land Development Regulations, which requires the following criteria for demolitions:

The historic architectural review commission shall not issue permits that would result in:

- (1) *Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished;*

It is staff's opinion that the back addition and decks are not important character defining features to the house. Their demolition will not diminish the historic character of the urban context.

- (2) *Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space;*

The proposed elements to be demolished are not historic.

- (3) *Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.*

The non-historic structures under review are not significant additions that are important in defining the historic character of the site and neighborhood.

- (4) *Removing buildings or structures that would otherwise qualify as contributing, as set forth in section 102-62(3).*

It is staff's opinion that the structures under review will not qualify to be contributing to the district in a near future.

In conclusion, it is staff's opinion that the request for demolition of the rear addition and decks can be considered by the Commission as they meet the criteria for demolition stated under the Land Development Regulations. If approved, this will be the only required reading for the demolition.

PROJECT INCLUDES: REPLACEMENT OF WINDOWS RELOCATION OF A STRUCTURE ELEVATION OF A STRUCTURE
 PROJECT INVOLVES A CONTRIBUTING STRUCTURE: YES NO INVOLVES A HISTORIC STRUCTURE: YES NO
 PROJECT INVOLVES A STRUCTURE THAT IS INDIVIDUALLY LISTED ON THE NATIONAL REGISTER: YES NO

DETAILED PROJECT DESCRIPTION INCLUDING MATERIALS, HEIGHT, DIMENSIONS, SQUARE FOOTAGE, LOCATION, ETC.	
GENERAL:	Site consists of a 1,329 SF structure on a 3,774 SF lot. The house includes a 231 SF addition in the rear that is non-contributing and beyond repair. Proposal includes demolition of that structure and replacement with a 285 SF gable structure. The proposed addition would match the gable orientation of the original structure with a lower ridge line. Materials include: wood clapboard to match original structure, approved windows, and metal shingle roofing.
MAIN BUILDING:	The main building will be renovated, with no major changes to the structure. Roof replacement is required, and windows will be updated with HARC approved replacements.
DEMOLITION (PLEASE FILL OUT AND ATTACH DEMOLITION APPENDIX):	21' x 11' rear addition and existing decks

 APPLICANT NAME: Bob Hulec

I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit approval PRIOR to proceeding with the work outlined above and that a final inspection is required under this application. I also understand that any changes to an approved Certificate of Appropriateness must be submitted for review.

PROPERTY OWNER'S SIGNATURE: *Jonathan Ring*
 DATE AND PRINT NAME: 10/23/22 - JONATHAN RING

DETAILED PROJECT DESCRIPTION OF DEMOLITION

Demolition of existing 231 SF non-contributing addition at rear of the building (original construction year unknown) that structurally unsound. Addition will be replaced with structure described in the Major Projects Certificate of Appropriateness application.

CRITERIA FOR DEMOLITION OF CONTRIBUTING OR HISTORIC STRUCTURES:

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

(1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

(a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

N/A

(2) Or explain how the building or structure meets the criteria below:

(a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

N/A

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

(b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

N/A

(c) Has no significant character, interest, or value as part fo the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

N/A

(d) Is not the site of a historic event with significant effect upon society.

N/A

(e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

N/A

(f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

N/A

(g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

N/A

(h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

N/A

(i) Has not yielded, and is not likely to yield, information important in history.

N/A

CRITERIA FOR DEMOLITION OF NON-CONTRIBUTING OR NON-HISTORIC STRUCTURES:

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

Structure is in the rear of the property, and will be replaced with the proposed addition.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space.

N/A

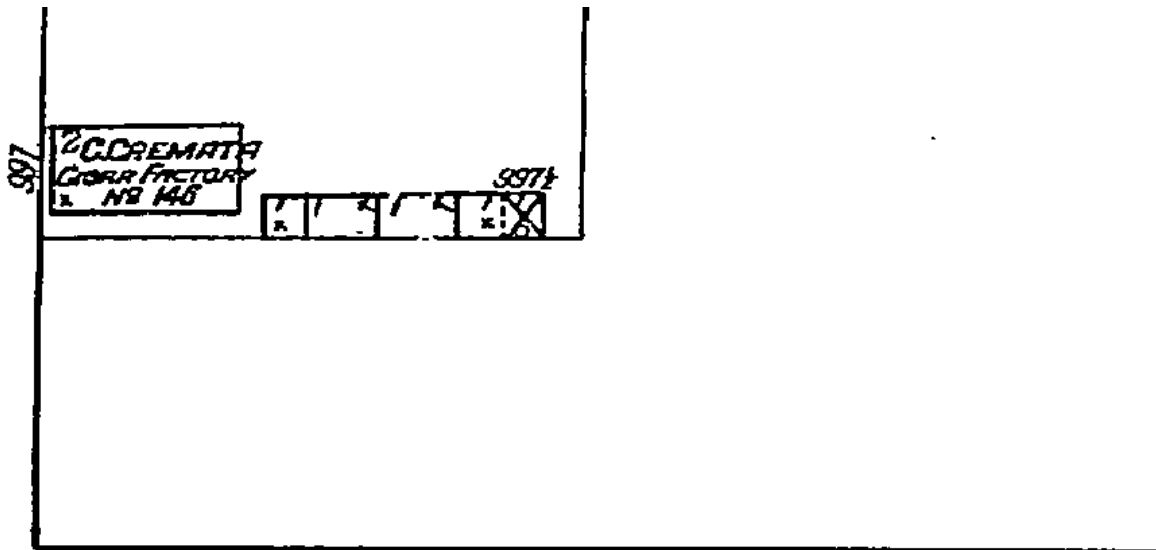

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

N/A

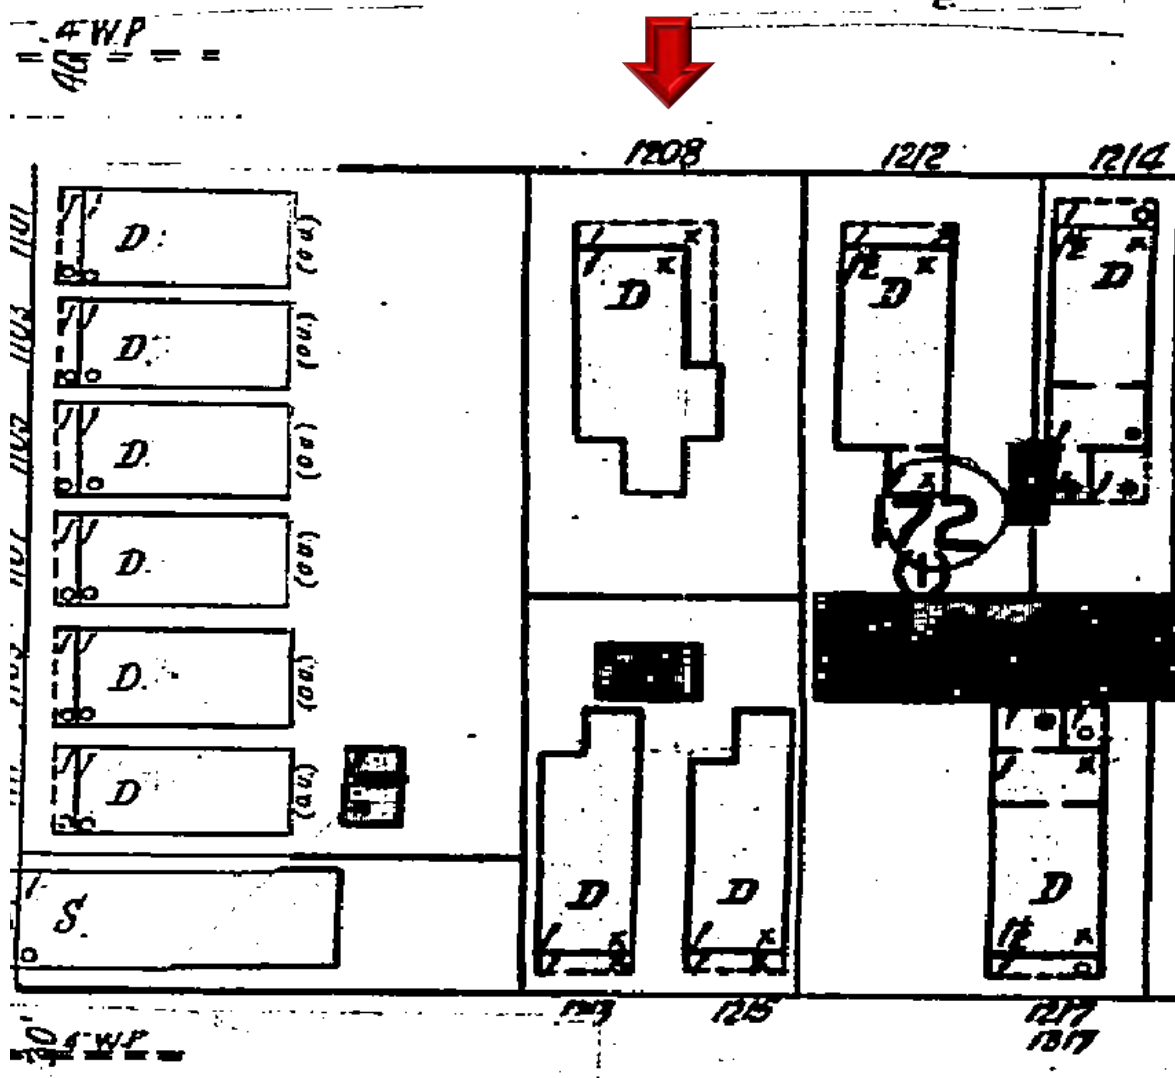

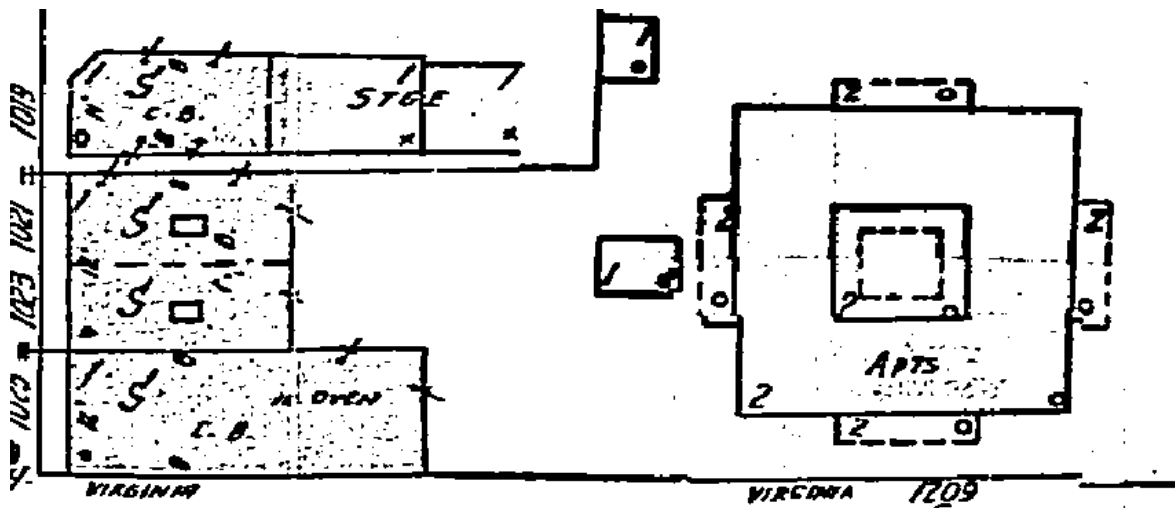

(4) Removing buildings or structures that would otherwise qualify as contributing.
