Subject: **Approval of Third Amendment to a Contract with Operations Management International (OMI) to Extend the Current Term to Align with the City of Key West Fiscal Year**

Introduction

Approval of this resolution will amend the contract with Operations Management International (OMI) to extend the current term of the contract to align with the City of Key West Fiscal Year that ends annually on September 30th.

Background

Per Resolution 13-304, the City of Key West an OMI entered into a contract to provide operations and maintenance services for the city's sanitary sewer collection system, wastewater treatment plant and storm water collection system. The original contract term started on March 1, 2014. The contract allows for two additional five-year terms. Currently, we are within the second term which is scheduled to end on February 29, 2024.

Staff and OMI held discussions regarding aligning the contract term with the city's fiscal year that ends annually on September 30th. Per the existing contract, each term ends prior to March 1st. The main reason for adjusting the dates of the terms is consistency with the budgeting process. The current end of the term is within the start of our budget process. By aligning the fiscal year, staff and OMI can concentrate on setting the Fiscal Year 2024/2025 budget needs in April 2024 then pursue an extension in June 2024.

In the past year, staff and OMI have continued to develop a solid working relationship. We have focused on improving infrastructure, developing budgets and finding more efficient means of project delivery. Approval of this item will allow us to prioritize budget development for FY 24/25. Assuming the city and OMI agree on extending the contract for the final term starting on October 1, 2024, the contract will be competitively bid near the end of the final term in 2029. Aligning the contract with the fiscal year now will ensure operations and maintenance coverage throughout FY 28/29.

The proposed amendment will be the third under this contract. The first amendment was approved per Resolution 18-366 and the second amendment was approved per Resolution 21-159.

Procurement

The amendment is administrative in nature and there is no direct cost to this action. Aligning the terms with our fiscal year will ensure operations and maintenance coverage through the final term fiscal year in 2029.

Recommendation

The City Manager's Office recommends the Mayor and City Commission approve the third amendment to the contract with Operations Management International (OMI) to align the current term with the City of Key West Fiscal Year.
