Certificate of Appropriateness Review Statistics

- In 2017-2018 Fiscal Year Staff approved 1,568 Certificates of Appropriateness or 92% of received applications.
- During the Fiscal Year HARC held 12 public meetings and one workshop for the preservation of the Diesel Plant. Staff prepared reports and packages for all public meetings.
- During the 2017-2018 Fiscal Year the Commission reviewed 90 applications, 79 of those applications were approved, 3 were denied, and 7 were withdrawn or postponed. The Commission drafted one resolution for the preservation of the Diesel Plant, which was unanimously approved and adopted by the City Commission.
- In 2017-2018 Fiscal Year the city collected \$266,861 in HARC applications, reviews, inspections, and fines fees.
- During 2017-2018 Fiscal Year there was an increase of 79 Certificates of Appropriateness if compare to 2016-2017 Fiscal Year.

A historical black and white photograph of a street in Key West, Florida. The street is lined with multi-story wooden buildings. An American flag flies from a tall pole in the center. In the foreground, several people are walking, and a horse-drawn carriage is visible. The overall scene depicts a busy, early 20th-century town square.

Certificate of Appropriateness Review Statistics

- 16,433 Certificate of Appropriateness have been received and reviewed in the past 9 years! Of those 126 applications, or .7%, were denied.
- In the past year cero applications were appealed to the Special Magistrate, still one appeal from the 2015-2016 fiscal year is under review in Circuit Court.

Goals for 2019

Approval to changes of Chapter 102 and other portions of the Land Development Regulations.

Highlight of changes:

- Definitions- new and revisions.
- Prevention of Demolition by Neglect by Affirmative Maintenance.
- New compliance hardship and economic hardship for demolition criteria.
- Creation of Historic Landmarks Designation.
- Clarification of the need of a Certificate of Appropriateness for certain new construction, demolition and maintenance of historic materials, sculptures and mausoleums.
- Change of “non-contributing value” to change of designation status.
- Revisions to demolition and relocation criteria.

Goals for 2019

Highlight of proposed LDR's changes:

- New article for activities within the commercial corridors that will include:
 - Criteria for installation of carts, booths and kiosks.
 - Outdoor display exceptions.
 - Light fixtures and sound.
- Regulations for city owned historic resources, as stipulated under the Comprehensive Plan.
- Adoption of all Secretary of Interior's Standards, and NPS Preservation Briefs, Technical Notes and Nomination publications under Chapter 90.

A historical black and white photograph of Duval Street in Key West, Florida. The street is lined with multi-story wooden buildings, some with balconies. An American flag flies from a tall pole in the center. In the foreground, several horse-drawn carriages and people are visible, suggesting a late 19th or early 20th-century setting. The overall scene is a classic representation of a historic coastal town.

Goals for 2019

- Revisions to appeal procedures which are in conflict with current or proposed changes to Chapter 102.
- Draft of new guidelines for windows - doors and fenestrations, guidelines for materials, fencing and colors.
- Draft of new guidelines for adaptive reuse.
- Survey of historic interior public spaces.
- More public education on Historic Preservation and what we do.
