Victim	Offense

On April 21, 2022, at approximately 0143 hours, Ofc. Malak and I, Ofc. Lopez were dispatched ton 3227 Harriet Avenue. The caller told Key West Dispatch a 61-year-old diabetic female was unconscious. Key West Dispatch advised over the radio there was no further breathing status.

Upon arrival, I walked towards the front door, and I observed a female seated on a bed. There was a bed located near the main front door of the house. I observed a paramedic talking to the female. This area of the house appeared to be the living room of the house. However, there was a bed and other furniture located in this same area. This area where the female was located was very crowded. I recognized the female from several Law Enforcement encounters in the past as Isabelle Graves, (dob:01/28/1961). I observed a male standing inside this room and I as soon as I walked through the front door the male began walking towards the front door. I recognized the male from several Law Enforcement encounters in the past as Dontrell Holloway, (dob:09/02/1989). I told Holloway, "Can you please go outside" and Holloway said, "No". Dontrell then said, "Can you go outside?". I told Holloway he was the person who called us, and I did not need his attitude and he leaned his upper body towards my face. Holloway's face was approximately 4-5 inches away from my face. Holloway said, "I don't need your attitude". I told Holloway to get out my face and he said, "I don't need you here". I told Holloway to get out of the way. Holloway was still standing near the front door, and I needed the other paramedics going through this front door to assess Isabelle. I told Holloway to get out the way and Holloway said, "You get out of the way". Holloway began leaning his body to the left side of his body. (Closer to the bed). I grabbed Holloway's left arm and he pulled his left arm away from me. Holloway threw himself on the bed refusing to follow my verbal commands. I continued attempting to get Holloway's arms and he continued pulling his arms away from me. Holloway was yelling at me asking me what I was doing. Holloway kept trying to get away from me by getting almost his entire body on top of the bed

I was able to grab Holloway's left leg and I began pulling his leg towards me in an attempt to get him outside the house. Three paramedics were standing outside the front porch waiting for me to clear the front entrance. I continued pulling Holloway's leg and I had to drag him outside towards the front porch area. I was able to place handcuffs on Holloway and finally the paramedics were able to go inside the house to assess Isabelle. I requested a supervisor on scene.

It should be noted I have responded to this residence before involving injuries on Isabelle. Isabelle is unable to explain how she has been injured in most cases. Holloway has been on scene during those injuries on his mother, (Isabelle). Holloway tried to answer for Isabelle several times in the past. Isabelle has been battered by Holloway's girlfriend in the past and Holloway defends his girlfriend all the time. Holloway told me in the past Isabelle's injuries are from an accident. I had reasons to separate Holloway from Isabelle in an attempt to allow the paramedics assist her and conduct my investigation.

Sgt. D. kouri and Sgt. Conaty responded on scene, and I explained to them what happened. Sgt. D. Kouri spoke to Holloway and I later transported Holloway to The Monroe County Detention Center.

This incident was recorded with my body worn camera, 3722.

My In-car Coban was activated during the transportation, 3722.

Holloway was assessed by The MCDC nurse, and he was turned to The Deputy.

I used Law Enforcement resources to conduct a name check on Holloway's full name and date of birth. I discovered Holloway is under supervised probation. Released probation date: (07/12/2024). I later contacted Holloway's

Probation Officer and I informed him of this incident.

Based on the facts and evidence, Dontrell Hollowey did oppose and refused to follow my verbal commands. A 61-year old diabetic woman was reported unconscious and Holloway walked towards the front door as soon as I walked through the front door. I asked Hollowey to step outside to allow the paramedics assess Isabelle and Hollowey told me to go outside. I told Hollowey to get out the way and Hollowey said, "You get out of the way". Hollowey began leaning his body to the left side of his body, (Closer to the bed). I grabbed Hollowey's left arm and he pulled his left arm away from me. Hollowey threw himself on the bed refusing to follow my verbal commands. I continued attempting to get Hollowey's arms and he continued pulling his arms away from me.
