**Competitively solicited and publicly awarded by: City of Tucson, AZ
Contract #151089**

Contract Term: February 1, 2015 through January 31, 2019

Contract Highlights:

- Axon (formerly Taser) awarded the contract over 12 competitors
- Axon body worn camera hardware and Evidence.com services are available via the City of Tucson, AZ Contract #151089
- Axon cameras help deescalate interactions and uphold truth. 35 major U.S. cities have adopted our models, and agencies big and small have seen up to an 88% drop in complaints after wearing them.
- Contract includes the TASER Assurance Plan which provides extended warranty coverage and new body worn cameras every 2.5 years, as well as on-site spares to ensure that officers are equipped with the tools they need to protect lives in the field while staying up-to-date with the newest Axon camera technology and Evidence.com management features.
- Evidence.com is a scalable, cloud-based system that consolidates all of your digital files, making them easy to manage, access and share while maintaining security and chain of custody
