Open Government - The "Sunshine" Law

To assist the public and governmental agencies in understanding the requirements and exemptions to Florida's open government laws, the Attorney General's Office compiles a comprehensive guide known as the Government-in-the-Sunshine manual. The manual is published each year at no taxpayer expense by the First Amendment Foundation in Tallahassee.

Florida began its tradition of openness back in 1909 with the passage of Chapter 119 of the Florida Statutes or the "Public Records Law." This law provides that any records made or received by any public agency in the course of its official business are available for inspection, unless specifically exempted by the Florida Legislature. Over the years, the definition of what constitutes "public records" has come to include not just traditional written documents such as papers, maps and books, but also tapes, photographs, film, sound recordings and records stored in computers.

Florida's Government-in-the-Sunshine Law was enacted in 1967. Today, the Sunshine Law regarding open government can be found in Chapter 286 of the Florida Statutes. These statutes establish a basic right of access to most meetings of boards, commissions and other governing bodies of state and local governmental agencies or authorities.

Throughout the history of Florida's open government, its courts have consistently supported the public's right of access to governmental meetings and records. As such, they also have been defining and redefining what a public record is and who is covered under the open meetings law. One area of public concern was whether or not the Legislature was covered under the open meetings requirements. To address that concern, a Constitutional amendment was passed overwhelmingly by the voters in 1990 providing for open meetings in the legislative branch of government.

The Attorney General's Office has consistently sought to safeguard Florida's pioneering Government-in-the-Sunshine laws. Our attorneys have worked, both in the courtroom and out, to halt public records violations. In 1991, a decision by the Florida Supreme Court raised questions which made it clear that the best way to ensure the public's right of access to all three branches of government was to secure that right through the Florida Constitution. The Attorney General's Office then drafted a definitive constitutional amendment, which guaranteed continued openness in the state's government and reaffirmed the application of open government to the legislative branch and expanded it to the judiciary. This amendment passed in 1992.

163.3194 Legal status of comprehensive plan.—

(1)(a) After a comprehensive plan, or element or portion thereof, has been adopted in conformity with this act, all development undertaken by, and all actions taken in regard to development orders by, governmental agencies in regard to land covered by such plan or element shall be consistent with such plan or element as adopted.

(b) All land development regulations enacted or amended shall be consistent with the adopted comprehensive plan, or element or portion thereof, and any land development regulations existing at the time of adoption which are not consistent with the adopted comprehensive plan, or element or portion thereof, shall be amended so as to be consistent. If a local government allows an existing land development regulation which is inconsistent with the most recently adopted comprehensive plan, or element or portion thereof, to remain in effect, the local government shall adopt a schedule for bringing the land development regulation into conformity with the provisions of the most recently adopted comprehensive plan, or element or portion thereof. During the interim period when the provisions of the most recently adopted comprehensive plan, or element or portion thereof, and the land development regulations are inconsistent, the provisions of the most recently adopted comprehensive plan, or element or portion thereof, shall govern any action taken in regard to an application for a development order.

(2) After a comprehensive plan for the area, or element or portion thereof, is adopted by the governing body, no land development regulation, land development code, or amendment thereto shall be adopted by the governing body until such regulation, code, or amendment has been referred either to the local planning agency or to a separate land development regulation commission created pursuant to local ordinance, or to both, for review and recommendation as to the relationship of such proposal to the adopted comprehensive plan, or element or portion thereof. Said recommendation shall be made within a reasonable time, but no later than within 2 months after the time of reference. If a recommendation is not made within the time provided, then the governing body may act on the adoption.

(3)(a) A development order or land development regulation shall be consistent with the comprehensive plan if the land uses, densities or intensities, and other aspects of development permitted by such order or regulation are compatible with and further the objectives, policies, land uses, and densities or intensities in the comprehensive plan and if it meets all other criteria enumerated by the local government.

(b) A development approved or undertaken by a local government shall be consistent with the comprehensive plan if the land uses, densities or intensities, capacity or size, timing, and other aspects of the development are compatible with and further the objectives, policies, land uses, and densities or

intensities in the comprehensive plan and if it meets all other criteria enumerated by the local government.

(4)(a) A court, in reviewing local governmental action or development regulations under this act, may consider, among other things, the reasonableness of the comprehensive plan, or element or elements thereof, relating to the issue justiciably raised or the appropriateness and completeness of the comprehensive plan, or element or elements thereof, in relation to the governmental action or development regulation under consideration. The court may consider the relationship of the comprehensive plan, or element or elements thereof, to the governmental action taken or the development regulation involved in litigation, but private property shall not be taken without due process of law and the payment of just compensation.

(b) It is the intent of this act that the comprehensive plan set general guidelines and principles concerning its purposes and contents and that this act shall be construed broadly to accomplish its stated purposes and objectives.

(5) The tax-exempt status of lands classified as agricultural under s. [193.461](#) shall not be affected by any comprehensive plan adopted under this act as long as the land meets the criteria set forth in s. [193.461](#).

(6) If a proposed solid waste management facility is permitted by the Department of Environmental Protection to receive materials from the construction or demolition of a road or other transportation facility, a local government may not deny an application for a development approval for a requested land use that would accommodate such a facility, provided the local government previously approved a land use classification change to a local comprehensive plan or approved a rezoning to a category allowing such land use on the parcel, and the requested land use was disclosed during the previous comprehensive plan or rezoning hearing as being an express purpose of the land use changes.

[Introduction to Robert's Rules](#)

[Quick Chart of Motions](#)

[Chart of Motions in Arabic](#)

Provides common rules and procedures for deliberation and debate in order to place the whole membership on the same footing and speaking the same language. The conduct of ALL business is controlled by the general will of the whole membership - the right of the deliberate majority to decide. Complementary is the right of at least a strong minority to require the majority to be deliberate - to act according to its considered judgment AFTER a full and fair "working through" of the issues involved. Robert's Rules provides for constructive and democratic meetings, to help, not hinder, the business of the assembly. Under no circumstances should "undue strictness" be allowed to intimidate members or limit full participation.

The fundamental right of deliberative assemblies require all questions to be thoroughly discussed before taking action!

The assembly rules - they have the final say on everything!

Silence means consent!

- Obtain the floor (the right to speak) by being the first to stand when the person speaking has finished; state Mr./Madam Chairman. Raising your hand means nothing, and standing while another has the floor is out of order! Must be recognized by the Chair before speaking!
- Debate can not begin until the Chair has stated the motion or resolution and asked "are you ready for the question?" If no one rises, the chair calls for the vote!
- Before the motion is stated by the Chair (the question) members may suggest modification of the motion; the mover can modify as he pleases, or even withdraw the motion without consent of the seconder; if mover modifies, the seconder can withdraw the second.
- The "immediately pending question" is the last question stated by the Chair! Motion/Resolution - Amendment - Motion to Postpone
- The member moving the "immediately pending question" is entitled to preference to the floor!
- No member can speak twice to the same issue until everyone else wishing to speak has spoken to it once!
- All remarks must be directed to the Chair. Remarks must be courteous in language and deportment - avoid all personalities, never allude to others by name or to motives!
- The agenda and all committee reports are merely recommendations! When presented to the assembly and the question is stated, debate begins and changes occur!

The Rules

- **Point of Privilege:** Pertains to noise, personal comfort, etc. - may interrupt only if necessary!

- **Parliamentary Inquiry:** Inquire as to the correct motion - to accomplish a desired result, or raise a point of order
- **Point of Information:** Generally applies to information desired from the speaker: "I should like to ask the (speaker) a question."
- **Orders of the Day (Agenda):** A call to adhere to the agenda (a deviation from the agenda requires Suspending the Rules)
- **Point of Order:** Infraction of the rules, or improper decorum in speaking. Must be raised immediately after the error is made
- **Main Motion:** Brings new business (the next item on the agenda) before the assembly
- **Divide the Question:** Divides a motion into two or more separate motions (must be able to stand on their own)
- **Consider by Paragraph:** Adoption of paper is held until all paragraphs are debated and amended and entire paper is satisfactory; after all paragraphs are considered, the entire paper is then open to amendment, and paragraphs may be further amended. Any Preamble can not be considered until debate on the body of the paper has ceased.
- **Amend:** Inserting or striking out words or paragraphs, or substituting whole paragraphs or resolutions
- **Withdraw/Modify Motion:** Applies only after question is stated; mover can accept an amendment without obtaining the floor
- **Commit /Refer/Recommit to Committee:** State the committee to receive the question or resolution; if no committee exists include size of committee desired and method of selecting the members (election or appointment).
- **Extend Debate:** Applies only to the immediately pending question; extends until a certain time or for a certain period of time
- **Limit Debate:** Closing debate at a certain time, or limiting to a certain period of time
- **Postpone to a Certain Time:** State the time the motion or agenda item will be resumed
- **Object to Consideration:** Objection must be stated before discussion or another motion is stated
- **Lay on the Table:** Temporarily suspends further consideration/action on pending question; may be made after motion to close debate has carried or is pending
- **Take from the Table:** Resumes consideration of item previously "laid on the table" - state the motion to take from the table
- **Reconsider:** Can be made only by one on the prevailing side who has changed position or view
- **Postpone Indefinitely:** Kills the question/resolution for this session - exception: the motion to reconsider can be made this session
- **Previous Question:** Closes debate if successful - may be moved to "**Close Debate**" if preferred
- **Informal Consideration:** Move that the assembly go into "**Committee of the Whole**" - informal debate as if in committee; this committee may limit number or length of speeches or close debate by other means by a 2/3 vote. All votes, however, are formal.
- **Appeal Decision of the Chair:** Appeal for the assembly to decide - must be made before other business is resumed; NOT debatable if relates to decorum, violation of rules or order of business
- **Suspend the Rules:** Allows a violation of the assembly's own rules (except Constitution); the object of the suspension must be specified

119.01 General state policy on public records.—

(1) It is the policy of this state that all state, county, and municipal records are open for personal inspection and copying by any person. Providing access to public records is a duty of each agency.

(2)(a) Automation of public records must not erode the right of access to those records. As each agency increases its use of and dependence on electronic recordkeeping, each agency must provide reasonable public access to records electronically maintained and must ensure that exempt or confidential records are not disclosed except as otherwise permitted by law.

(b) When designing or acquiring an electronic recordkeeping system, an agency must consider whether such system is capable of providing data in some common format such as, but not limited to, the American Standard Code for Information Interchange.

(c) An agency may not enter into a contract for the creation or maintenance of a public records database if that contract impairs the ability of the public to inspect or copy the public records of the agency, including public records that are on line or stored in an electronic recordkeeping system used by the agency.

(d) Subject to the restrictions of copyright and trade secret laws and public records exemptions, agency use of proprietary software must not diminish the right of the public to inspect and copy a public record.

(e) Providing access to public records by remote electronic means is an additional method of access that agencies should strive to provide to the extent feasible. If an agency provides access to public records by remote electronic means,

such access should be provided in the most cost- effective and efficient manner available to the agency providing the information.

(f) Each agency that maintains a public record in an electronic recordkeeping system shall provide to any person, pursuant to this chapter, a copy of any public record in that system which is not exempted by law from public disclosure. An agency must provide a copy of the record in the medium requested if the agency maintains the record in that medium, and the agency may charge a fee in accordance with this chapter. For the purpose of satisfying a public records request, the fee to be charged by an agency if it elects to provide a copy of a public record in a medium not routinely used by the agency, or if it elects to compile information not routinely developed or maintained by the agency or that requires a substantial amount of manipulation or programming, must be in accordance with s. 119.07(4).

(3) If public funds are expended by an agency in payment of dues or membership contributions for any person, corporation, foundation, trust, association, group, or other organization, all the financial, business, and membership records of that person, corporation, foundation, trust, association, group, or other organization which pertain to the public agency are public records and subject to the provisions of s. 119.07.

119.011 Definitions.—As used in this chapter, the term:

(1) “Actual cost of duplication” means the cost of the material and supplies used to duplicate the public record, but does not include labor cost or overhead cost associated with such duplication.

(2) “Agency” means any state, county, district, authority, or municipal officer, department, division, board, bureau, commission, or other separate unit of government created or established by law including, for the purposes of this chapter, the Commission on Ethics, the Public Service Commission, and the Office of Public Counsel, and any other public or private agency, person, partnership, corporation, or business entity acting on behalf of any public agency.
