■ Building

FEMA/FLOODPLAIN DIVISION

Responsibilities Include:

- Ensure construction within the flood plain is in compliance with local, state, and federal regulations
- Conduct Substantial Improvement (SI) Analysis on properties undergoing renovations (FEMA 50% rule)
- Maintain and continue striving to improve our Community Rating System (CRS) Rating
 - The CRS is a voluntary incentive program that recognizes communities that exceed the minimum requirements of the National Flood Insurance Program (NFIP)
 - The City of Key West has maintained a Class 5 rating, providing property owners up to a 25% discount on flood insurance premiums
