Re: Renewal of Agreement for the Transportation and  
Disposal of Solid Waste

Dear Mr. Scholl:

Please allow this letter to be Waste Management's notice to the City of its desire to renew the Agreement for the first renewal term of 7 years as provided in Article 8. We provide this notice with the understanding that Waste Management and the City will finalize an appropriate amendment that encompasses, among other items, an appropriate modification to the methodology for making service fee adjustments, especially CPI and fuel.

We look forward to the renewal term and providing professional collection services to the City.

Sincerely,
