

MEMORANDUM FOR THE FILE

DATE: December 21, 2011

FROM: Karen DeMaria, Interim Urban Forestry Manager, City of Key West

RE: 1418 Angela Street

A site inspection was done on December 20, 2011, and documented the following:

The tree is a Frangipani tree (*Plumeria acuminata*). Access to the tree was through a gate shared with 1420 Angela Street.

**1418 Angela Street cont....page 2**

Circumference: 46" = 14.65" dbh

Location: 70% (location in the yard appears to be ok. No apparent utility line or foundation issues. It does have a heavy lean toward a structure.)

Species: 50% (not on protected tree list or unprotected tree list but over 3.5" dbh)

Condition: 70% (Health of tree overall appears to be good but it does have a heavy lean toward a structure.)

Total Average Value = 63%

Value x Diameter = replacement caliper (dbh) inches = .63 x 14.65 " = **9" replacement**
