

**Historic Architectural Review Commission
Staff Report for Item 11**

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins, MHP
HARC Assistant Planner

Meeting Date: July 25, 2017

Applicant: Anthony Sarno

Application Number: H17-03-0027

Address: #904 Olivia Street

Description of Work:

New front porch on non-contributing structure and extending the second floor forward over the existing one-story structure about seven feet. Enclosure of second floor rear porch with louver panels. Site improvements including fences and gates, decking and landscape. Paint house in gray tones.

Site Facts:

The house located at #904 Olivia Street is listed as a non-contributing resource. The frame structure was built in 1968. According to the Property Appraisers record the second-floor addition was built in 1987. This property came before HARC in 2015 for major renovations and alterations to the building, including the front façade.

This project received a variance from Planning Board on June 15, 2017.

Guidelines Cited in Review:

Additions and Alterations (pages 37a-37k); specifically, guidelines 3, 6, 7, 8, 11, 12, 13, 14, 19, 22, 25, 26, and 30.

Exterior Colors (page 35).

Staff Analysis

The Certificate of Appropriateness in review proposes the expansion of a second-floor addition towards the front of the structure. The building is currently 49 years old, making it just shy of the historic mark. The structure lacks any architectural style or identity, and the recent alterations have added more of a contemporary Craftsman style to house. The project also proposes to add a new front porch that will span the width of the building. Designed in a Bungalow style, the porch will have concrete veneer on thick columns with wood beams that are to be painted white.

The porch on the second-floor in the rear will have new louvers installed. The bottom louvers will be fixed, but the top louvers will be operable shutters. They will be made of wood and stained.

Site work includes a new a/c unit in the rear, fencing along the perimeter, and landscaping. Paint colors are included as part of this application. The building will be painted a beige color with white trim. The door and windows are to be finished in an anodized dark brown. The fence along the side and rear of the building will be stained a natural finish.

Consistency with Cited Guidelines

It is staff's opinion that the proposed porch is consistent with the guidelines, as it will add to the pedestrian quality of the historic district. Practically every structure in the near vicinity has a front porch that spans the width of the building – which is a key characteristic to the Key West Historic District.

The proposed expansion of the second-floor towards the front of the house meets the guidelines, as the building is not historic. Staff's only concern is the impact that the expansion will have on the contributing building to the right of the structure (902 Olivia Street). The existing second-floor is already visible from Olivia Street, especially from the sides of the structure. The proposed expansion is only seven feet forward and should not have an impact on the streetscape, as it already reads as a two-story.

The aspect of the project that does not comply with the guidelines is the proposed paint color for the body. The guidelines are clear that body colors should be pastel colors, and other colors “may be used if supported by historical documentation or by evidence of underlying paint.” The 1969 photograph does show that the building was a dark color, but as the photo is in black and white, staff cannot confirm the exact color.

APENDIX FOR DEMOLITIONS
APPLICATION NUMBER H-____-____-____-_____

This document applies only to those properties located within the City of Key West Historic Zoning Districts, properties outside the historic zoning districts which are listed as contributing in the Historic Architectural Survey and or properties listed in the National Register of Historic Places.

Applications must meet or exceed the requirements outlined by the Secretary of the Interior’s Standards for Rehabilitation and Guidelines for Rehabilitation and the Key West’s Historic Architectural Guidelines. Once submitted, the application shall be reviewed by staff for completeness and scheduled for presentation to the Historic Architectural Review Commission for the next available meeting, unless the demolition request is for a *bona fide* Code Compliance case, in which case staff may review and approve the demolition request. **The applicant must be present at this meeting. Any person that makes changes to an approved Certificate of Appropriateness must submit a new application with such modifications.**

The filing of this application does not ensure approval as submitted. Applications that do not possess the required submittals or documentation will be considered incomplete and will not be reviewed for approval.

CRITERIA FOR DEMOLITIONS

Before any Certificate of Appropriateness may be issued for a demolition request, the Historic Architectural Review Commission must find that the following requirements are met (please review and comment on each criterion that applies);

- (1) If the subject of the application is a contributing or historic building or structure, then it should not be demolished unless its condition is irrevocably compromised by extreme deterioration or it does not meet any of the following criteria:

- (a) The existing condition of the building or structure is irrevocably compromised by extreme deterioration.

OR THAT THE BUILDING OR STRUCTURE;

- (a) Embodies no distinctive characteristics of a type, period, or method of construction of aesthetic or historic significance in the city and is not a significant and distinguishable building entity whose components may lack individual distinction.

- (b) Is not specifically associated with events that have made a significant contribution to local, state, or national history.

- (c) Has no significant character, interest, or value as part of the development, heritage, or cultural characteristics of the city, state or nation, and is not associated with the life of a person significant in the past.

- (d) Is not the site of a historic event with a significant effect upon society.

- (e) Does not exemplify the cultural, political, economic, social, or historic heritage of the city.

- (f) Does not portray the environment in an era of history characterized by a distinctive architectural style.

- (g) If a part of or related to a square, park, or other distinctive area, nevertheless should not be developed or preserved according to a plan based on the area's historic, cultural, natural, or architectural motif.

- (h) Does not have a unique location or singular physical characteristic which represents an established and familiar visual feature of its neighborhood or of the city, and does not exemplify the best remaining architectural type in a neighborhood.

- (i) Has not yielded, and is not likely to yield, information important in history.

(2) For a contributing historic or noncontributing building or structure, a complete construction plan for the site is approved by the Historic Architectural Review Commission.

(a) A complete construction plan for the site is included in this application

_____ Yes Number of pages and date on plans _____

_____ No Reason _____

The following criteria will also be reviewed by the Historic Architectural Review Commission for proposed demolitions. The Commission shall not issue a Certificate of Appropriateness that would result in the following conditions (please review and comment on each criterion that applies);

(1) Removing buildings or structures that are important in defining the overall historic character of a district or neighborhood so that the character is diminished.

(2) Removing historic buildings or structures and thus destroying the historic relationship between buildings or structures and open space; and

AND

(3) Removing an historic building or structure in a complex; or removing a building facade; or removing a significant later addition that is important in defining the historic character of a site or the surrounding district or neighborhood.

(4) Removing buildings or structures that would otherwise qualify as contributing.

Nothing in this application is intended to alter the authority of the Building Official to condemn for demolition dangerous buildings, as provided in Section 102-218 of the Land Development Regulations and Chapter 14 of the Code of Ordinances.

*I hereby certify I am the owner of record and that the work shall conform to all applicable laws of this jurisdiction. By receiving a Certificate of Appropriateness, I realize that this project will require a Building Permit, approval **PRIOR to proceeding with the work outlined above** and that there will be a final inspection required under this application. I also understand that any **changes to an approved Certificate of Appropriateness must be submitted for review.***

PLANNING BOARD RESOLUTION

**PLANNING BOARD
RESOLUTION NO. 2017-27**

A RESOLUTION OF THE CITY OF KEY WEST PLANNING BOARD GRANTING A VARIANCE TO MINIMUM FRONT YARD SETBACK REQUIREMENTS AND MAXIMUM BUILDING COVERAGE ON PROPERTY LOCATED AT 904 OLIVIA STREET (RE # 00021450-000000) IN THE HISTORIC HIGH DENSITY RESIDENTIAL (HHDR) ZONING DISTRICT PURSUANT TO SECTIONS 90-395, 122-630(6)(a), AND 122-630(4)(a) OF THE LAND DEVELOPMENT REGULATIONS OF THE CODE OF ORDINANCES OF THE CITY OF KEY WEST, FLORIDA.

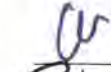

WHEREAS, the applicant proposes to renovate a house and construct a new front porch on the property located at 904 Olivia Street (RE # 00021450-000000); and

WHEREAS, Section 122-630 of the Land Development Regulations (the "LDRs") of the Code of Ordinances (the "Code") of the City of Key West, Florida (the "City") provides that the minimum front yard setback is ten (10) feet and the maximum building coverage permitted is fifty (50) percent; and

WHEREAS, the proposed the proposed front yard setback is 2 from the 10 feet minimum required, and the proposed building coverage is 72.49 percent over the required fifty percent; and

WHEREAS, this matter came before the Planning Board at a duly noticed public hearing on June 15, 2017; and

WHEREAS, the Planning Board finds that special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other land, structures, or buildings in the same district; and

Chairman

Planning Director

WHEREAS, the Planning Board finds that the special conditions do not result from the action or negligence of the applicant; and

WHEREAS, the Planning Board finds that granting the variance requested will not confer upon the applicant any special privileges denied by the land development regulations to other lands, buildings, or structures in the same zoning district; and

WHEREAS, the Planning Board finds that literal interpretation of the provisions of the land development regulations would deprive the applicant of rights commonly enjoyed by other properties in this same zoning district under the terms of this ordinance and would work unnecessary and undue hardship on the applicant; and

WHEREAS, the Planning Board finds that the variances granted is the minimum variances that will make possible the reasonable use of the land, building, or structure; and

WHEREAS, the Planning Board finds that the granting of the variances will be in harmony with the general intent and purpose of the land development regulations and that such variance will not be injurious to the area involved or otherwise detrimental to the public interest or welfare; and

WHEREAS, the Planning Board finds that no nonconforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures, or buildings in other districts are grounds for the issuance of the requested variance; and

WHEREAS, the Planning Board finds that the applicant has demonstrated a "good neighbor policy" by contacting or attempting to contact all noticed property owners who have objected to the variance application, and by addressing the objections expressed by these neighbors.

NOW, THEREFORE, BE IT RESOLVED by the Planning Board of the City of Key West,

Chairman

Planning Director

Florida:

Section 1. That the above recitals are incorporated by reference as if fully set forth herein.

Section 2. An approval by Resolution of the Key West Planning Board for minimum front yard setback and maximum building coverage in order to renovate a house and construct a new front porch on property located within Historic High Density Residential (HHDR) Zoning District pursuant to Sections 90-395, 122-630 (6) (a) and 122-630 (4) (a) and of the Land Development Regulations of the Code of Ordinances of the City of Key West, Florida.

Section 3. It is a condition of this variance that full, complete, and final application for all conditions of this approval for any use and occupancy for which this variance is wholly or partly necessary, shall be submitted in their entirety within two years after the date hereof; and further, that no application shall be made after expiration of the two-year period without the applicant obtaining an extension from the Planning Board and demonstrating that no change of circumstances to the property or its underlying zoning has occurred.

Section 4. The failure to fully and completely apply the conditions of approval for permits for use and occupancy pursuant to this variance in accordance with the terms of the approval as described in Section 3 hereof, shall immediately operate to terminate this variance, which variance shall be of no force or effect.

Section 5. This variance does not constitute a finding as to ownership or right to possession of the property, and assumes, without finding, the correctness of applicant's assertion of legal authority respecting the property.

Chairman

Planning Director

Section 6. This Resolution shall go into effect immediately upon its passage and adoption and authentication by the signatures of the presiding officer and the Clerk of the Commission.

Section 7. This Resolution is subject to appeal periods as provided by the City of Key West Code of Ordinances (including the Land Development Regulations). After the City appeal period has expired, this permit or development order will be rendered to the Florida Department of Economic Opportunity. Pursuant to Chapter 73C-44, F.A.C., this permit or development order is not effective for forty five (45) days after it has been properly rendered to the DEO with all exhibits and applications attached to or incorporated by reference in this approval; that within the forty five (45) day review period, the DEO can appeal the permit or development order to the Florida Land and Water Adjudicatory Commission; and that such an appeal stays the effectiveness of the permit until the appeal is resolved by agreement or order.

Chairman

Planning Director

Read and passed on first reading at a regularly scheduled meeting held this 15th day of
June 2017.
