KEY WEST, FLORIDA

Letter from Richard Payne to be read by the Clerk at the City Commission's August 6, 2019 Meeting.

**Re: Resolution naming Amphitheater
After Coffee Butler**

Dear Mayor Johnson and Commissioners:

I regret that I cannot attend this evening's meeting to speak in support of the resolution naming our Amphitheater after Mr. Coffee Butler.

Mr. Butler is certainly deserving of this high honor. His decades entertaining Key Westers with his music is truly iconic and legendary and deserving to be recognized by our city.

The primary purpose of our Amphitheater is to provide a venue for entertainment for our citizens as well as visitors to our island. I can think of no better or appropriate name for our amphitheater than for it to bear the name of one of our native sons who has done so much to entertain us for so many years.

I thank you for the important work that you do and for your kind consideration of my letter.

Respectfully submitted,

Richard Payne
