FLORIDA SHERIFFS ASSOCIATION & FLORIDA ASSOCIATION OF COUNTIES

UTILITY CARGO VAN - HIGH ROOF SPECIFICATION #38

2019 Ford Transit T250 (R2X)

(Alternate Dealer Option)

The Ford Transit T250 (R2X) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	\$27,810.00	\$27,810.00	\$27,823.00	\$27,976.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OPTIONS ⁴

DUVALFORD: The KM Single EZ-LoDown™ Drop Down Ladder Rack is uniquely designed and engineered to gently lower and raise a ladder into position for easy loading and unloading. It includes heavy-duty hydraulic-assisted arm with lockable clamp arms and rollers on each ladder platform to provide safe and smooth operation for heavy ladders or load to slide down the side of the van. The Kargo Master EZ-LoDown™ Drop Down Ladder Rack drops 15" lower than any competitor models. Holds both extension and step ladders. The van ladder rack rugged crossbows hover just inches above the roof to reduce overall vehicle height and to facilitate loading and unloading. The Kargo Master EZ-LoDown™ Drop Down Ladder Rack is installed using strong, wide mounting feet, which clamp the rack securely to the rain gutter to provide maximum support and stability including no-drill installation. Racks are treated with zinc primer with chip resistant marine grade powder coat to provide excellent corrosion, rust, and UV resistance. ³

DUVALFORD: The KM Single EZ-LoDown™ Drop Down Ladder Rack is uniquely designed and engineered to gently lower and raise a ladder into position for easy loading and unloading. It includes heavy-duty hydraulic-assisted arm with lockable clamp arms and rollers on each ladder platform to provide safe and smooth operation for heavy ladders or load to slide down the side of the van. The Kargo Master EZ-LoDown™ Drop Down Ladder Rack drops 15" lower than any competitor models. Holds both extension and step ladders. The van ladder rack rugged crossbows hover just inches above the roof to reduce overall vehicle height and to facilitate loading and unloading. The Kargo Master EZ-LoDown™ Drop Down Ladder Rack is installed using strong, wide mounting feet, which clamp the rack securely to the rain gutter to provide maximum support and stability including no-drill installation. Racks are treated with zinc primer with chip resistant marine grade powder coat to provide excellent corrosion, rust, and UV resistance. ³

DUVALFORD: Includes administrative costs associated with the filing, transfer, acquisition, and installation of appropriate registration & Plate per option description allowed by section 3.23 Terms and Conditions. [ALT D] Per terms and conditions section 3.22 INSPECTION AND ACCEPTANCE: an Alternative Delivery Destination charge per vehicle of \$487 will be applied to all purchase orders where inspection and acceptance occurs away from the end user's registered address within the state of Florida. For destinations where inspection and acceptance are located outside the Sunshine State contact dealer. This cost derivation is founded using computationally intensive statistical analysis utilizing data inputs such as cost of capital, interest carry on bad debt, delivery variance with outside location, tertiary damage, and fluctuating fuel costs. ³
