

COMMENDATION

It is with great pride that the City of Key West shall honor Tesia Theriault for the award she received from Key West High School for Excellence in the Visual, Performing, and Vocational Arts. Tesia is an outstanding ceramicist who produces professional quality work. As a result of her talent she was the first KWHS ceramics student to be recommended for Advance Placement 3D Art which is an intense college level course. Tesia says her love of art began when she was a toddler. With each art class she took in school she became more and more fascinated by what she could create. She is an active member of the National Art Honor Society and finds enjoyment in the various art projects the club performs for the community. Tesia is also an accomplished academic student who is always on task and willing to help others. She maintains a 4.48 weighted GPA. Following high school graduation, this well rounded young lady plans to attend a college in Florida to study Environmental or Green Engineering. She says although Art won't be her focus of study, it will always be part of her heart and life. The City of Key West is honored to have a student of such caliber and dedication as part of our community.

In recognition of this honor, the City of Key West hereby presents this
Commendation to:

TESIA THERIAULT

WITNESS my hand and seal of the City of Key West, Florida, this 5th day of April, 2011.

Craig Cates, MAYOR
