Application Number: OUT2024-0003

Address: 1075 Duval Street Unit C-7 & 8

Description of Work:

New outdoor display for a metal rooster.

Site Facts:

The business under review is in the Duval Square complex and faces Duval Street. The complex was built in 1989, and the building is not listed in the City's Historic Architectural Survey. The building facing Duval Street is elevated and it is setback from the street approximately 5'-9". The retail shop, Funky Chicken, has been in the location since 2022.

New outdoor display.

About the site

A frame building was built on the site during the 1910's as the Elks Lodge. By the 1920's, when La Concha Hotel was built, the Key West Library needed a new place as they were located on the site where the new hotel was built. The Elks building became the Key West Library in early 1930. In 1959 the current library building was inaugurated. The Catholic church purchased the Duval Street site in the late 1940's and used the historic building as the St. Mary Parish House and later as headquarters for the National Catholic Charities Society. In December 1984 a fire destroyed the historic building. The current multi-use building was built in 1987.

Ordinance Cited on Review:

- Section 106-52- Exceptions of the Land Development Regulations.

Staff Analysis:

The Certificate of Appropriateness under review is a request for a sixty-month exception outdoor display. The outdoor display will consist of one large scale metal rooster that is sold at the store.

The display will be installed in front of two columns and approximately 7'-9" setback from the Duval Street sidewalk. The Board of Directors of the Duval Square Condominium Association approved the outdoor display.

Elevation and site plan with location of display.

Section 106-52 (1) and (2) establishes the criteria to review an exception for outdoor display.

Sec. 106-52. - Exceptions.

Exceptions to section 106-51 may be granted by the historic architectural review commission. The criteria to consider an application shall be:

(1) Factors favoring the exception are as follows:

- a. The location of the proposed exception, while outdoors, is an interior courtyard of a building or buildings, or is a space or area specifically designed and permitted for use by outdoor merchants.

The outdoor display will be installed in a common area of the mixed-use complex.

- b. The exception (for either the type of merchandise or the type of display) is compatible or in visual harmony with the character of the neighborhood.

The merchandise to be displayed has a low visual impact in the area. The merchandise, although associated with the name of the store, will have no adverse effect on the building or surrounding neighborhood.

- c. The exception's visual incongruity with the historic character of the neighborhood is reduced by substantial setback from public places and rights-of-way.

The merchandise is of small scale in relation to the building and architectural components and will be setback from the sidewalk approximately 7'-9". The display will not jeopardize the character of the urban context.

(2) Factors disfavoring the exception are as follows:

- a. Architecture that contributes to the historical fabric or visual character of the neighborhood is obscured by the exception.

The building where the merchandise will be displayed is not historic. The location of the merchandise display will not obscure any character defining architectural features of the building.

- b. The location of the proposed exception abuts, with minimal setback, a street of the historic district, thus the exception is visible from heavily used public places and rights-of-way.

This will not be the case. The building in question is elevated above the Duval Street sidewalk and the display will be approximately 7'-9" from the property line.

- c. The exception presents a hazard to public safety.

This will not be the case. There is open area to walk through the common areas in front of the business.

(3) Exceptions to section 106-51 granted by the historic architectural review commission shall be for a term of no more than 60 consecutive months and may be granted subject to terms and conditions specified by the commission in order to protect the architectural heritage and visual character of the historic district. Applications for exceptions and revisions shall be accompanied by a nonrefundable fee as determined by city commission resolution, to cover the costs to the city of processing the application, the pre application meeting with staff, staff report and yearly inspections of the site by the HARC inspector. Renewal or extensions of an outdoor display

exception may be approved by the historic preservation planner, if there are no material changes to the outdoor display previously approved by the historic architectural review commission.

In conclusion, staff opine that this request for exception to outdoor display can be considered by the Commission. Staff finds that the proposed merchandise that is part of the application meet the favoring criteria for the exception. Staff recommend approval of the outdoor display, as submitted with an extended time of 60 months.
