Please also include adding soil to the planters during the planting process. The existing "soil" is limerock and concrete.

Sincerely,

Karen

The City of Key West is requesting estimates to purchase and plant trees in new planters created on 1st Street from N. Roosevelt Blvd to Flagler Avenue (see attached map and photos of planters). There are a total of 12 planters of various lengths with an average width of approximately 3 ft 10 inches. The attached map includes preferred tree species for each location. Substitutes will be accepted but must be included in the estimate.

All trees must be 45 to 65 gallon size (minimum 2 inches diameter each tree). Palms must be at least 8 ft of wood (trunk). The planters will be "capped" with #57 stone, to be include in the estimate.

The proposal must also include a warranty and watering of trees for at least 6-months. Planting must be done by September 1, 2023. Contact me for any additional information or if you have any questions. Estimates are due by June 6, 2023. The Tree Commission will vote on the estimates at the June 12 Tree Commission meeting.

Information:

<u>Planter #</u>	<u>Estimated Planter Size</u>	<u>Trees to be Planted</u>
Planter 1:	3.4 ft w x 21 ft L	2-Silver Buttonwood (Conocarpus erectus var sericeus)
Planter 2:	3.8 ft w x 15 ft L	1-Wild Tamarind (Lysiloma latisiliquum)
Planter 3:	3.8 ft w x 14 ft L	1-Yellow Tabebuia (Tabebuia aurea)
Planter 4: (Eugenia foetida)	3.8 ft w x 25 ft L	1-Gumbo Limbo (Bursera simaruba) and 2-Spanish Stoppers
Planter 5: radiata or Leucothrinax morrisii)	3.10 ft w x 26 ft L	1-Verawood (Bulnesia arborea) and 2-Thatch Palms (Thrinax

Planter 6:	3.10 ft w x 11 ft L	1-Gumbo Limbo (<i>Bursera simaruba</i>)
Planter 7:	3.10 ft w x 12 ft L	1-Wild Tamarind (<i>Lysiloma latisiliquum</i>)
Planter 8:	3.10 ft w x 31 ft L	1-Silver Buttonwood (<i>Conocarpus erectus</i> var <i>sericeus</i>) and
	2-Thatch Palms (<i>Thrinax radiata</i> or <i>Leucothrinax morrisii</i>)	
Planter 9:	3.10 ft w x 17 ft L	1-Verawood (<i>Bulnesia arborea</i>) and 1-Yellow Tabebuia
	(<i>Tabebuia aurea</i>)	
Planter 10:	3.8 ft w x 13 ft L	1-Gumbo Limbo (<i>Bursera simaruba</i>)
Planter 11:	3.8 ft w x 64 ft L	1-Wild Tamarind (<i>Lysiloma latisiliquum</i>), 2-Cassia sp.**, and
	2-Spanish Stoppers (<i>Eugenia foetida</i>)	
Planter 12:	3.8 ft w x 16 ft L	2-silver Buttonwood (<i>Conocarpus erectus</i> var <i>sericeus</i>)

**Cassia sp. can be any combination of Golden Shower, Apple Blossom, or Pink Shower trees.

Sincerely,

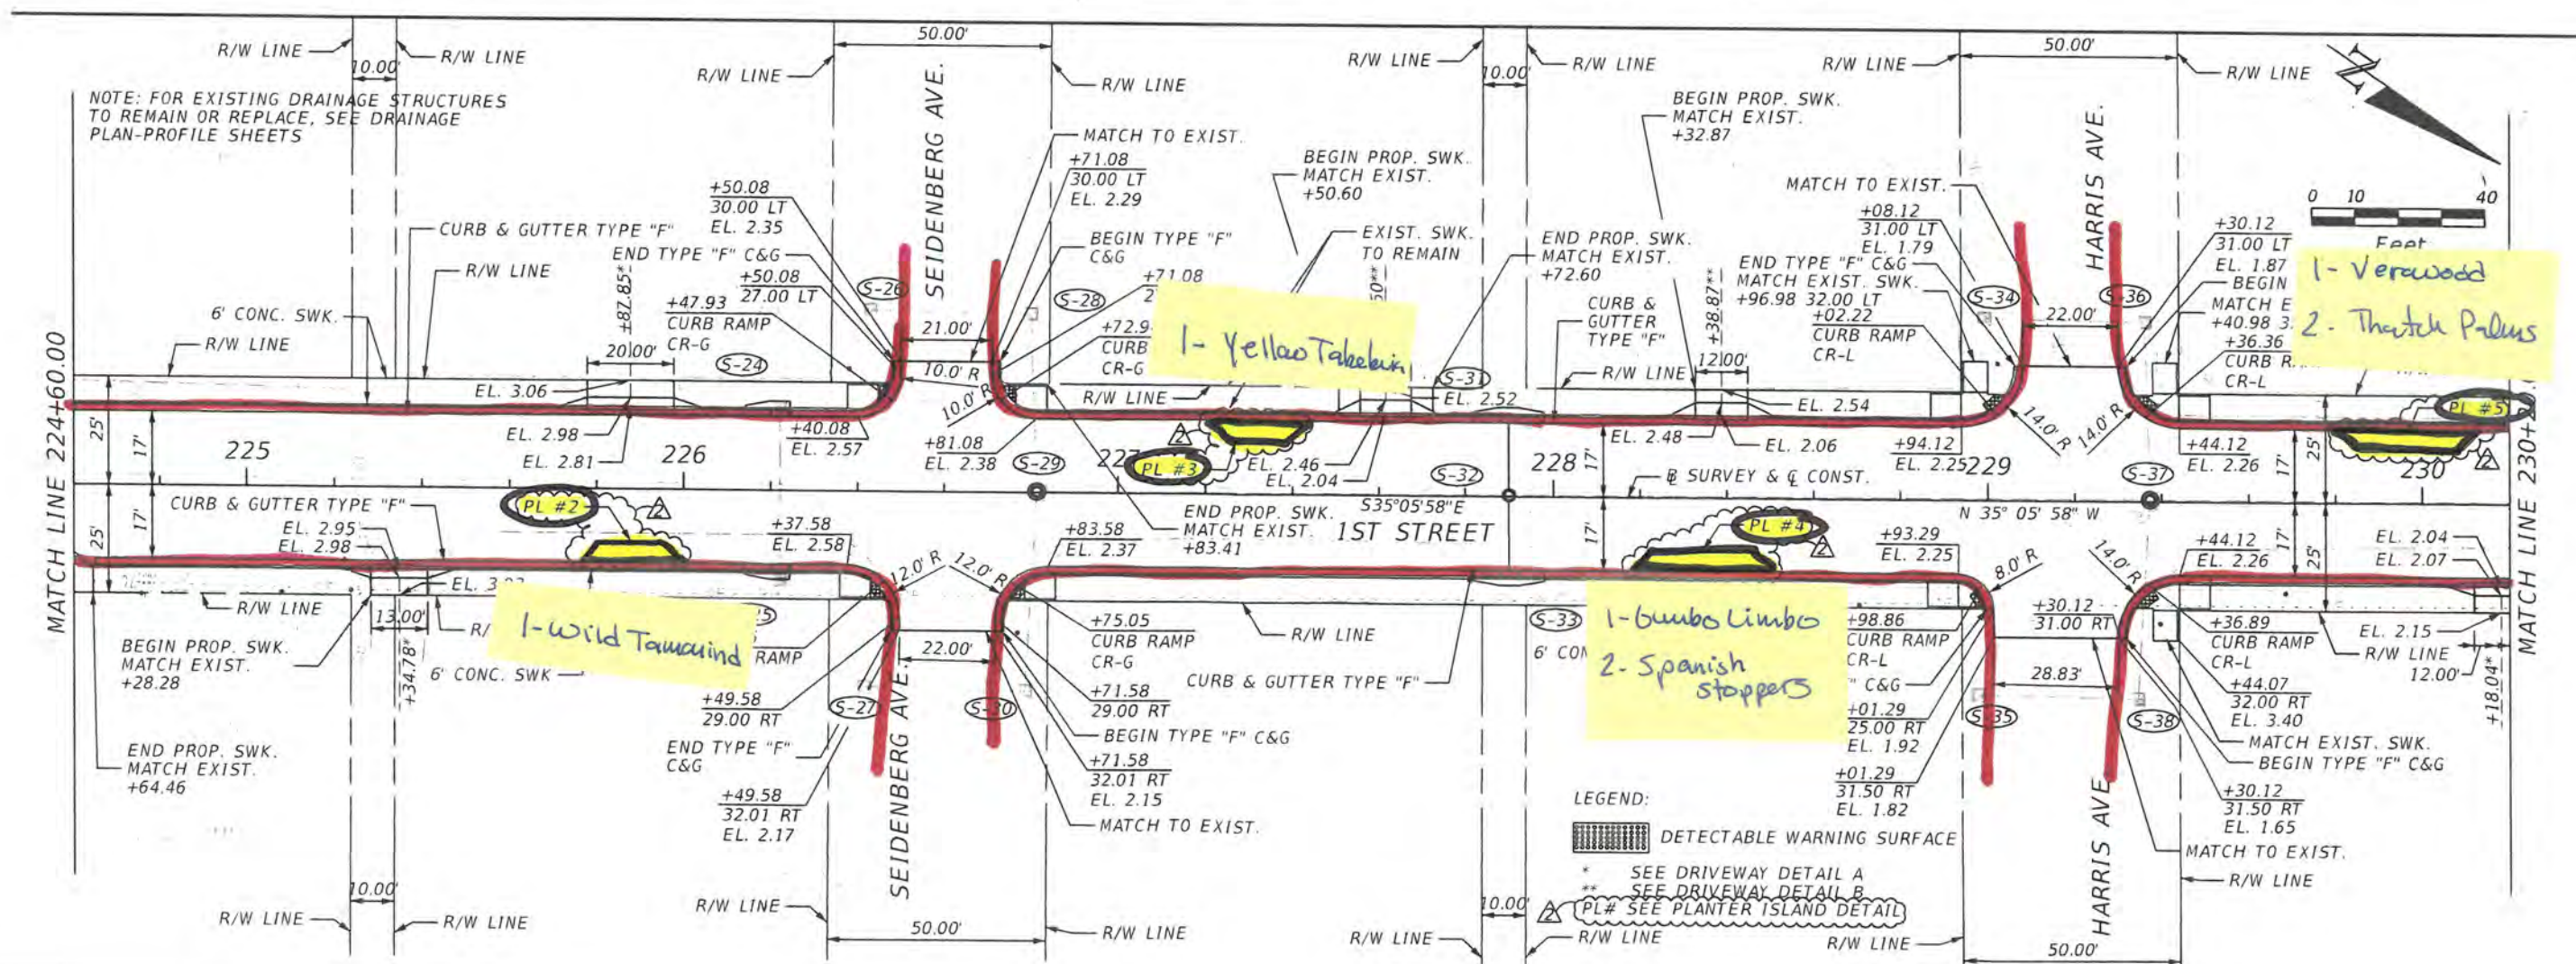

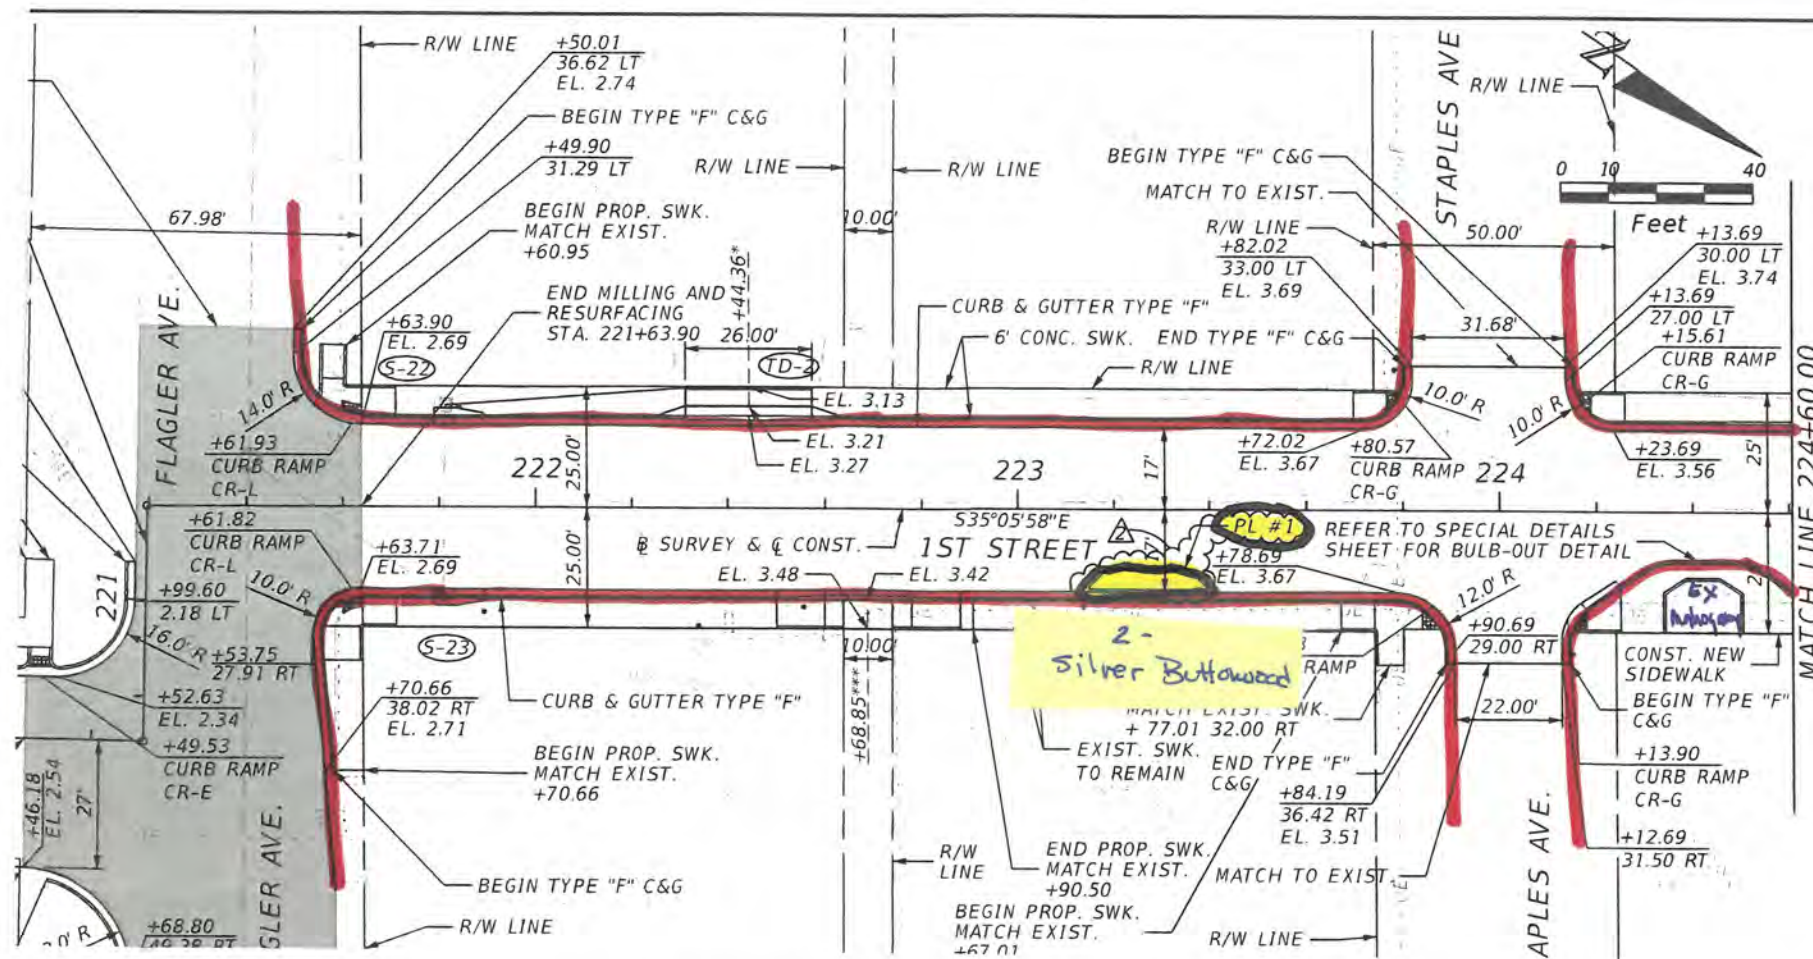

Karen
