Dear Mayor Cates and Honorable Commissioners

I am in full support of Commission Weekly's ordinance# 22 in Tue night agenda
Public nudity

I sincerely hope this passes 1st reading as well as a 2nd.

I ditto former Commissioner Bethel's letter completely.

Public nudity should not be tolerated, laws need to be ENFORCED.

I am in full support of bars that offer clothes check for clothing optional as well as clothing optional
beaches pool etc. BUT not our streets ever painted or not an "event or not"

We no longer have a Fantasy Fest we have a Fetish Fest.

Thank you
