

Staff Report for Item 18

To: Chairman Bryan Green and Historic Architectural Review
Commission Members

From: Kelly Perkins, MHP
HARC Assistant Planner

Meeting Date: July 26, 2016

Applicant: Bender and Associates

Application Number: H16-03-0052

Address: #1012 Catherine Street

Description of Work:

Partial demolition of rear shed.

Site Facts:

The house at 1012 Catherine Street is listed as a contributing resource. First appearing on the 1912 Sanborn map as a one-story building, it has been heavily altered since 1965. The c.1965 photograph shows a typical one story, frame vernacular house, but today the house has had so many additions and alterations that it is barely recognizable from its original state.

Ordinances Cited in Review:

Sec. 102-217 (2): Demolition of non-historic or non-contributing buildings.

Sec. 102-218 (b): Criteria for demolitions.

Staff Analysis

This Certificate of Appropriateness proposes the partial demolition of a shed. The shed was built sometime after 1962, as it does not appear on any Sanborn maps. Staff believes the demolition will not result in the following items:

- (1) The demolition will not diminish the overall historic character of a district or

- (2) Nor will it destroy the historic relationship between buildings or structures and open.
- (3) This demolition will not affect the front building façade.
- (4) Staff does not believe elements that are proposed to be demolished will qualify as contributing as set forth in Sec. 1021-62(3).

Therefore this application can be considered for demolition. As this item is not historic, only one reading is required for demolition.
