

RECEIVED  
CITY CLERK'S OFFICE  
2015 MAY 19 PM 3:10  
CITY OF KEY WEST  
KEY WEST, FLORIDA

Tom Theisen

Slip 46, Wahoo pier, Key West

In 2012 The city of Key West was found to be one of the most dangerous cities for cycling in Florida.

We owe it to our friends, loved ones and visitors to rectify this unacceptable situation.

Hiring and supporting a full time bicyclist/pedestrian coordinator will certainly help lower our accident rate and make the town a safer place.

It will cost some money but think of the payback, fewer lawsuits, a healthier populace and smoother interactions between drivers, cyclists and pedestrians.

Thank you.
