Subject: RE: Community Health of South Florida Reference (CHI)

The Monroe County Health Department has had a very good working relationship with CHI going back many years. The organization has been successful in expanding its services in the south Dade County area as well as the upper and middle Keys. I would recommend the City of Key West consider partnering with CHI to provide health care services.

Bob Eadie
Administrator and Health Officer
Florida Health/Monroe County

Subject: Community Health of South Florida Reference (CHI)

Mr. Eadie,

You have been listed as a reference by CHI on a recent proposal they submitted to the City of Key West. We would be appreciative if you would comment on your knowledge of and relationship with CHI, and whether you would recommend the City partner with CHI to provide health care services in our community.
Thank you for your time,

Steve McAlearney
Engineering Director
City of Key West
