Tamara:

I have received your comment and it will be included in the file.

Sincerely,

Karen

Subject: 923 Johnson Street

Good Morning

Thank you for taking the time to read my thoughts/comments on the request to remove the LAST remaining tree on this completely empty lot.

I am a neighbor and while I respect the rights of homeowners to be able to build as they wish on their property, I am not in favor to tearing down every single living tree on a property to do so.

This strangler fig is a beautiful, old tree and cannot be replaced. Please consider the fact that this property was granted removal of TEN trees in February 2016. I am certain something beautiful can be built while retaining this last huge and healthy tree.

Thank you again for your time
